THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad respectively

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad

Bills introduced into the Council of the Governor General for making Laws and Regulations, or published under Rule 23.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 18th July, 1905

No 8 OF 1905.

THE INDIAN COINAGE BILL.

CONTENTS

[NOTE —The sections referred to in the margin of the Bill are sections of the Indian Coinage Act, 1870]

A Bill to consolidate and amend the law relating to Coinage and the Mint

WHEREAS it is expedient to consolidate and amend the law relating to Coinage and the Mint, It is hereby enacted as follows

Preliminary

[s 1]

Short title and extent

1 (*1*) This Act may be called the Indian Coinage Act, 1905, and

(*2*) It extends to the whole of British India, inclusive of British Baluchistan, the Santhal Parganas and the Pargana of Spiti

[s 3]

Definitions

2 In this Act, unless there is anything repugnant in the subject or context,—

(*a*) "the Mint" includes the Mints now existing and any which may hereafter be established,

(*b*) "prescribed" means prescribed by a rule made under this Act,

(*c*) "remedy" means variation from the standard weight and fineness, and

(*d*) "weight" means the standard weight prescribed for any coin

[s 28 (8) & (9)]

Power to establish and abolish Mints

3 The Governor General in Council may, by notification in the Gazette of India,—

(*a*) establish a Mint at any place at which a Mint does not for the time being exist, and

(*b*) abolish any Mint, whether now existing or hereafter established

Silver Coinage.

[s 6]

(*b*) the half-pice at the rate of one hundred and twenty eight for a rupee, or eight for an anna, and

(*c*) the pie at the rate of one hundred and ninety two for a rupee, or twelve for an anna

[s. 15] **15** (*1*) (*a*) All silver coin of the weight and standard specified in Acts No XVII of 1835, No XXI of 1838, No XIII of 1862 and the Indian Coinage Act, 1870, and

Coin made under former Acts

XIII of 1870

(*b*) all copper coin of the weight specified in Acts No XXI of 1835, No XXII of 1844, No XIII of 1862 and the Indian Coinage Act, 1870,

which may have been issued since the passing of those Acts respectively, and declared by those Acts respectively to be a legal tender, shall, notwithstanding anything contained in this Act or in any Act hereby repealed, but subject, in the case of silver coin, to the provisos contained in section 12 of this Act in so far as such provisos apply to like coins under this Act, continue to be a legal tender for the amounts for which the like silver and bronze coins are a legal tender under this Act respectively

(*2*) All double pice copper coins which may have been issued under the Acts specified in sub-section (*1*), clause (*b*), shall continue to be a legal tender at the rate of thirty-two for a rupee or two for an anna

Diminished and Counterfeit Silver Coin

[s. 16] **16** Where any silver coin purporting to be coined and issued under the authority of the Governor General in Council is tendered to any person authorised by the Governor General in Council or by the Local Government to act under this section and such person has reason to believe that the coin—

Power to certain officers to cut certain silver coins

(*a*) is counterfeit, or

(*b*) has been diminished in weight beyond the percentage prescribed as the limit of reasonable wear, or

(*c*) has been clipped or filed or defaced,

he shall, by himself or another, cut or break the coin

[s. 17] **17** (*1*) Where any coin so cut or broken is counterfeit, the person cutting or breaking the coin shall return the pieces to the person tendering the coin, who shall bear the loss caused by such cutting or breaking

Procedure in regard to cut coin

(*2*) Where any coin so cut or broken has been coined and issued under the authority of the Governor General in Council, the person cutting or breaking the coin shall observe the following procedure, namely

(*a*) where the coin has been shroff-marked or has been defaced for the purpose of converting it into an ornament, he shall either return the pieces to the person tendering the coin, or, if such person so requests, receive and pay for the coin at such rates as may be prescribed in this behalf,

(*b*) where the coin has been clipped or filed or defaced otherwise than as described in clause (*a*), he shall return the pieces to the person tendering the coin, who shall bear the loss caused by such cutting or breaking, and

(*c*) where the coin has not been shroff-marked or clipped, or filed or defaced as described in clauses (*a*) and (*b*),—

(i) if the coin has not been diminished in weight beyond the percentage prescribed as the limit of reasonable wear, he shall receive and pay for the coin at its nominal value,

(ii) if the coin has been diminished in weight beyond such percentage so prescribed as aforesaid, but not beyond such further percentage as may be prescribed in this behalf, he shall either return the pieces to the person tendering the coin, or, if such person so requests, receive, and pay for, the coin, at such rates as may be prescribed in this behalf, and

(iii) if the coin has been diminished in weight beyond such further percentage so prescribed as aforesaid, he shall return the pieces to the person tendering the coin, who shall bear the loss caused by such cutting or breaking

Supplemental Provisions.

[Cf s. 28] **18** (*1*) The Governor General in Council may make rules to carry out the purposes and objects of this Act

Power to make rules

(*2*) In particular and without prejudice to the generality of the foregoing power, such rules may—

(*a*) reduce the amount of remedy allowed by sections 5, 7 and 9 in the case of any coin,

(*b*) provide for the guidance of persons authorised to cut or break coin under section 16,

(*c*) prescribe the rates at which payments shall be made in the case of coins received under clause (*a*) of sub-section (2) of section 17,

(*d*) determine in what cases coins shall be held to have been diminished in weight by reasonable wear and the percentage of loss in weight not being less in any case than two per cent, which shall be the limit of reasonable wear,

(*e*) prescribe the further percentage referred to in sub clause (ii) of clause (*c*) of sub-section (2) of section 17, and the rates at which payments shall be made in the case of coins falling under the same sub-clause, and

(*f*) provide for the acceptance at prescribed rates by officers authorised in this behalf of the gold coins described in section 11 where such coins have lost weight so as to be of less weight than that for the time being prescribed for like coins by or under the Coinage Act, 1870, as the least current weight

33 & 34 Vict, c 10

(3) Every such rule shall be published in the Gazette of India, and on such publication shall have effect as if enacted in this Act

[Cf s 18, para two]

Bar of suits

19 No suit or other proceeding shall lie against any person in respect of anything in good faith done or intended to be done, under or in pursuance of the provisions of this Act

Saving of making of other coins at Mints

20 Nothing in this Act shall be deemed to prohibit or restrict the making at the Mint of coins intended for issue as money by the Government of any territories beyond the limits of British India

Repeals

21 The Acts mentioned in the Schedule are hereby repealed to the extent specified in the last column thereof [s 2.]

Provided that copper coins of such descriptions as at the time of the commencement of this Act are being coined at the Mint for issue under the authority of the Governor General in Council, may, notwithstanding the repeal of the said Acts, continue to be so coined until such time as the Governor General in Council may by notification in the Gazette of India otherwise direct, and all copper coins so coined shall be a legal tender in payment or on account for the amounts for which bronze coins of corresponding nominal value are a legal tender under this Act

THE SCHEDULE

(*See section 21*)

ACTS REPEALED

Year	No	Short title	Extent of repeal
1870	XXIII	The Indian Coinage Act, 1870	So much as is unrepealed
1893	VIII	The Indian Coinage and Paper Currency Act, 1893	So much as relates to the Indian Coinage Act, 1870
1899	XXII	The Indian Coinage and Paper Currency Act, 1899	So much as relates to the Indian Coinage Act, 1870

STATEMENT OF OBJECTS AND REASONS.

THE object of this Bill is to consolidate the Acts relating to the coinage The law, as originally formulated in the Indian Coinage Act, 1870 (XXIII of 1870), has been materially modified by two Acts, namely, the Indian Coinage and Paper Currency Act, 1893 (VIII of 1893), which abolished obligatory free coinage, and the Indian Coinage and Paper Currency Act, 1899 (XXII of 1899), which made gold coins a legal tender. The present Bill proposes to repeal both these Acts as well as the main Act of 1870, to reproduce their provisions, so far as they are still required, in a consolidated form, and to provide for the introduction of a nickel one-anna piece and of a bronze coinage

2 The *Tabular Statement* annexed shows how each provision of the existing law has been dealt with in the process of consolidation, while the *Notes on Clauses* below indicate the more important of the amendments of the existing law proposed in the Bill

The 17th July, 1905 E. N BAKER.

Notes on Clauses

Clauses 2 (a) and 3—The definition of the expression "the Mint," as contained in section 3 of the existing law, and the language of the provisions of section 28, clauses (8) and (9), of that law, which give power to establish or abolish Mints, have been generalized, so as to make it clear that it is not obligatory on the Government to maintain any particular Mint

Clauses 6, 7, 8 and 9—These clauses relate to the proposed new nickel and bronze coins

Clause 10—This reproduces the substance of sections 10 and 11 of the existing Act with a new power to settle the dimensions of coins.

Clause 13 is new, making the nickel one-anna piece a legal tender up to one rupee

Clause 14.—This clause puts the proposed new bronze coins in the same position as the old copper ones, making them legal tender up to one rupee

Clause 16.—The language of sub-clause (c) has been slightly expanded, so as to make it clear that the clause gives power to cut all coins described in the proviso to clause 12.

Clause 17.—This clause proposes three changes of substance in the law. Firstly, it provides that coins which have lost weight not otherwise than by reasonable wear shall be received at their full nominal value under the existing law, coins which have so lost more than two per cent are receivable at the rate of one rupee per tola Secondly, it provides that coins which have been shroff-marked or defaced for the purpose of converting them into ornaments, may be received at rates to be prescribed by rule Thirdly, it provides that coins which have lost weight otherwise than by reasonable wear, but have not been clipped or filed or defaced, may be received at rates to be prescribed by rule, instead of being returned to the tenderer

Clause 18, which corresponds to section 28 of the existing Act, takes new power to make rules (1) [sub-clause (2) (c), (d) and (e)], prescribing the percentages and the rates of payment required to be fixed for the purposes of clause 17, and (2) [sub clause (2) (f)] providing for the acceptance at prescribed rates by authorised officers of gold coins which are of less weight than "the least current weight," and are therefore not legal tender under the provisions of clause 11

Clause 20 is new and has been inserted with the view to make it clear that the provisions of the proposed Act will relate only to the making of coins to be issued under the authority of the Government of India, and therefore that there is no legal obstacle to the present practice under which coins (as, *e g*, Straits dollars) are made at the Mint for issue by other Governments

Clause 21—The proviso to this clause, which deals with repeals, provides for the continued coining of the present copper coins, which are to be legal tender as if they were the new bronze coins contemplated by the Act, until such time as the Governor General in Council may otherwise direct The object of this provision is to enable copper coins to be coined during the period which may elapse before the arrangements for bronze coinage are completed.

Wonsan (Gensan)—Special Regulations for entry or departure

No 278 (third publication)—Notice to Mariners No 552 of 1905 issued by the British Admiralty is republished —

Information dated 18th April 1905 has been received from H B M Consul at Wonsan or Gensan that on 17th April the following regulations for vessels entering or leaving that port were put in force by the Japanese military authorities —

(1) All vessels except those belonging to the Japanese Imperial Navy, are prohibited from entering or leaving Wonsan bay between sunset and sunrise without special permission from the Commander of the port

(2) Vessels entering or leaving must keep southward of an imaginary line joining the south-western point of Nikolskago island and the southern extremity of Sho shin to (Brdel island)

(3) The speed of vessels is not to exceed 5 knots when navigating within the area westward of imaginary lines joining Black rock (northward of Nakhimova peninsula) to the north point of Kuprianova island and the eastern extremity of Nikolskago island, and from thence to Kodrika point Wonsan harbour limit extends in a S 70° W direction from the western extremity of Muraveva point to a point on the coast about 4½ cables N 52° W from the red light at Khosum ri

(4) Except the Commander of the port considers it necessary to enforce them, the regulations in paragraphs Nos 2 and 3 do not apply to vessels under 20 tons displacement, cargo-boats or boats belonging to the Naval or Military departments, or boats under special permission from the Commander of the port

(5) Any vessels infringing these regulations are liable to meet with an accident and to be fired upon at night

A picket boat will be kept to guide vessels into port

Approximate position, Muraveva point, lat 39° 12½′ N, long 127° 28½′ E

AUSTRALIA—Gulf of St Vincent

Port Adelaide river—No 2 Light Beacon removed and Red Light exhibited

No 279 (third publication)—With reference to Notice to Mariners No 228, dated 24th June 1905, issued by this office, the President of the Marine Board, Port Adelaide, has given further notice (No 18 of 1905) informing Masters of Vessels, Pilots, and others that Deepening Operations in the vicinity necessitate the removal of No 2 Light Beacon, and that on and after the 1st July next a Red Light in lieu thereof will be exhibited from the Red Pile Beacon south of No 3 This Light on with No 4 will point out when to turn off No 1 lead (two Red lights) and direct the course towards No 3 Light Beacon

Sailing Directions

By night—In approaching the anchorage vessels of deep draught should not bring the White Light on the old structure to bear north of N E by E in order to avoid the four-fathom patch, which bears N W ¾ N from the Light on Wonga Shoal, then get the outer leads [which consist of Two Red Lights vertical seven (7) feet apart and Two White Lights vertical seven (7) feet apart] in line, keep these in line passing between the Occulting Light on the Red Buoy and the Outer Green Light on the north bank, also between the other Green Lights on the north bank and the White Lights on the revetment mound

Steer on the same line until the two Red Lights of No 1 lead are coming on, then steer with them on line until the Red Light south of No 3 Beacon is on with No 4, then direct the course to pass a safe distance off No 3, then steer for a like distance off No 4, and so on from beacon to beacon round the point until No 9 is reached From a safe

distance off No 9 the lights of No 10 lead will be seen, keep them in line until the Red Light is about a quarter of a point open to the right of the White Light of No 11 lead then gradually alter the course to bring the lights of No 11 lead in line, keep them in line (a sharp lookout being kept for the mooring buoys on the starboard hand) until the lights of No 12 lead are seen coming into line, proceed as before by altering the course before the lights are on with each other The same applies in the change from No 12 to No 13 leads, when the lights on the wharves are seen opening out off Luff Point, alter the course so as to round the point at a safe distance, and then up the centre of the Channel, looking out for the Mooring Buoys on the starboard hand

By day—The directions by day are the same as by night, merely substituting the Beacons for the Lights

In going outwards the directions are just the opposite to those given for coming inwards, but in such case, in changing from one lead to another, the course should be gradually altered when abreast of the Low (Red) Beacon of each lead

This affects Admiralty Charts 2389B, 1750, and 1752

RESOLUTION REVIEWING THE TRIENNIAL REPORT ON VACCINATION IN BENGAL FOR THE YEARS 1902-1903, 1903-1904 AND 1904-1905.

MUNICIPAL DEPARTMENT—SANITATION

Darjeeling, the 26th July 1905

RESOLUTION—No 1824T —M

READ—

The Triennial Report on Vaccination in Bengal for the years 1902-1903, 1903-1904 and 1904-1905

Read also—

The Annual Statistical Returns and Short Notes on Vaccination in Bengal for the years 1902-1903 and 1903-1904.

The number of vaccinators has remained almost unchanged since 1888, but each man now performs on the average 50 per cent. more operations than he did at that time. The improvement in this respect has been continuous. The average number of operations performed in each year of the triennium under review was2, 809,506, or 978 per vaccinator, as compared with 2,420,552, or 834 per vaccinator, during the previous three years. Less than 5 per cent. of the total number of operations consist of revaccinations. According to the returns nearly two-fifths of the total infant population of the Province was vaccinated in 1904-1905. The improvement which has taken place in the period under review is confined to rural areas. There has been a falling off in Municipalities, especially in Calcutta, where only one-quarter of the infant

population was protected by vaccination in 1904-1905. This is most unsatisfactory, and the Sanitary Commissioner should give the matter his close personal attention during the coming season.

2 There are marked variations in the amount of work done in different parts of the Province In the Dacca and Chittagong Divisions there were respectively 48 and 46 vaccinations per thousand of the population in 1904-1905, in the Burdwan, Bhagalpur, Orissa and Chota Nagpur Divisions the number ranged from 36 to 38, while in the Presidency Division it was only 32, in Rajshahi 30 and in Patna 27 per mille. Of individual districts the best results were obtained in Faridpur and Darjeeling (63 and 62 per mille respectively), and the worst in Patna, Saran and Shahabad (from 21 to 22 per mille). There is no correlation between the number of operations and the varying prevalence of small-pox, and the greatest success has been attained in the tracts which are least afflicted by that scourge. The Sanitary Commissioner is of opinion that an epidemic of small-pox leads to a larger number of vaccinations, but although such a result might be anticipated, it is not borne out by the statistics, nor are the figures to be explained by the reputed attitude of the people towards vaccination. The Ferazis of East Bengal are said to be exceptionally hostile, but this is precisely the part of the Province where the greatest success has been attained The backward state of the work in Shahabad is attributed to the character of the people, but it is almost equally backward in Patna, where the inhabitants are supposed to be less obstructive

3 The real factors affecting the results are doubtless the efficiency of the staff, the degree of supervision exercised by the Civil Surgeons and the officers of the Sanitary Department, and the interest taken in the work by District Officers. The Lieutenant-Governor notices that the improvement which took place last year in Midnapore, Cuttack and Noakhali is attributed to the active co-operation of the District Officers, while that in the Tributary States of Orissa is accounted for by the supervision exercised by one of the Deputy Sanitary Commissioners The Sanitary Department is now at its full strength for the first time for some years, and Sir Andrew Fraser hopes that this will lead to a marked improvement in the outturn in the more backward districts District Officers will again be asked to do what they can during their tours to promote the cause of vaccination by enlisting the sympathy of the people with whom they may come in contact and by taking a personal interest in the work done by the vaccinators

4 The question of making the vaccinating staff more efficient has recently engaged the attention of the Lieutenant-Governor Proposals for raising the status of the inspecting officers have been submitted to the Government of India, and a system of rewards to vaccinators has been introduced. A scheme for the better training of the vaccinators and inspecting staff and for the more extended use of calf lymph is under consideration.

By order of the Lieutenant Governor of Bengal,

E. A. GAIT,

Offg. Secretary to the Govt. of Bengal.

The mean pressure, temperature, etc, are deduced from the traces of the Barograph and Thermograph, and from eye observations

The maximum and minimum temperatures are obtained from self-registering thermometers All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground

The barometer readings are corrected to those of the standard, Newman's No 86, formerly at the Surveyor-General's Office

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph

The mouth of the rain-gauge is one foot above the ground Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day

No 83Marine —The following draft of rules which it is proposed to make under the Indian Petroleum Act, 1899, in place of those published under this Department Notification No 105Marine of 20th September 1904, is published for the information of persons likely to be affected by the rules

The draft will be taken into consideration on the expiry of a month from the date of its publication in the Gazette, and any objections or suggestions which may be received by the undersigned before that date will be duly considered —

DRAFT RULES

4A Notwithstanding anything contained in rules 3 and 4,* licenses for the possession of dangerous petroleum otherwise than in bulk shall be granted only on the following conditions —

* For these rules, see notification No 24Marine, dated 15th March 1904

(a) The petroleum must be stored in gas-tight tin or galvanized-sheet iron, steel or lead-plate drums or receptacles, each containing not more than 10 gallons and fitted with well-made filling holes and well-fitting screw-plugs or fitted with screw cap with metal air-tight under cap Such drums or receptacles must be packed in strong wooden cases, the thickness of the wood being not less than half an inch Provided that wooden cases shall not be necessary when the drums or receptacles are made of tin, galvanized-sheet iron, or steel, and have the following thickness of metal —

	Not less than
(1) when the capacity does not exceed 2 gallons	25 B W G
(2) when the capacity exceeds 2 gallons, but does not exceed 4 gallons	22 B W G
(3) when the capacity exceeds 4 gallons	16 B. W G.

(b) An air space of at least one-tenth of its capacity must be left in each drum or receptacle

(c) The drums or receptacles must be so substantially constructed and secured as not to be liable, except under circumstances of gross negligence or extraordinary accident, to be broken or become defective, leaky or insecure

(d) Before any vessel which contains or has contained dangerous petroleum is repaired by the licensee, or is sent by him to be repaired, the vessel shall, as far as practicable, be cleared of all dangerous petroleum and of all dangerous vapours arising from the same

(e) The building in which the petroleum is to be stored must be constructed of masonry or other uninflammable material, with terraced, tiled or iron roof and a tiled, paved or earthen floor

(f) Either (1) the doorways and other openings of such building must be built up to such a height above the level of the road or street, or the floor thereof must be sunk to such a depth below the level of the road or street, that the petroleum stored in it cannot flow out of the building in case of its escape from the receptacles in which it is contained, *or* (2) the building must be surrounded with a masonry wall or embankment sufficiently high to contain all the petroleum in the building in case of its escape therefrom Provided that combination of methods (1) and (2) may be adopted

(*g*) All ventilating openings in such building must be protected by strong wire gauze

(*h*) No smoking or light or fire of any description shall be permitted at any time within or near any such building

(*i*) All due precautions must be taken for preventing (*1*) accidents by fire or explosion and (*2*) access by unauthorised persons to any dangerous petroleum or to any vessels containing or intended to contain or having actually contained the same

(*j*) Every person managing, or employed on or in connection with, the building in which the petroleum is stored shall abstain from any act whatever which tends to cause fire or explosion and the doing of which is not reasonably necessary, and shall prevent any other person from doing any such act

(*k*) The said building shall be liable to inspection by an officer authorised in this behalf

(*l*) No drum or other receptacle containing dangerous petroleum shall be opened or the petroleum drawn off within the room in which the stock of petroleum is kept

(*m*) The filling or replenishing of any vessels with dangerous petroleum shall not be carried on, nor shall the contents of any such vessel be exposed, in the presence of fire or artificial light, except a light of such strength, position and character as is not liable to ignite any inflammable vapour arising from the petroleum, and no artificial light shall be brought within dangerous proximity of the place where any vessel containing dangerous petroleum is kept

(*n*) The following distances must be kept clear from the protected works round the building in which the petroleum is stored, namely —

Quantity to be stored		Distances to be kept clear when dangerous petroleum is stored in drums of capacity not exceeding 4 gallons	Distances to be kept clear when dangerous petroleum is stored in drums of capacity exceeding 4 gallons, but not exceeding 10 gallons
Gallons.	Gallons	Feet	Feet
Not exceeding 1,000		20	30
Exceeding 1,000, but not exceeding	5,000	40	50
,, 5,000 ,, ,,	10,000	60	70
,, 10,000 ,, ,,	15,000	90	100
,, 15,000 ,, ,,	20,000	130	150
,, 20,000 ,, ,,	30,000	180	200
,, 30,000		200	200

(*o*) When the quantity of dangerous petroleum to be possessed does not exceed 40 gallons, the following conditions shall be imposed instead of those mentioned in clauses (*e*), (*f*) and (*n*), namely —

(*i*) The store-house or building in which the petroleum is stored must be well ventilated, and must be constructed of uninflammable material, except that the doors and windows may be of wood

(*ii*) When such store-house forms part of, or is attached to, another building, and the intervening floor or partition is of an unsubstantial or inflammable character or has openings therein, the whole of such building shall be deemed to be the store house, and no portion of such store-house shall be used as a dwelling-house or as a place where persons assemble, and the store-house must have an entrance from the open air distinct from any dwelling-house or any place in which persons assemble

ESTABLISHMENT OF A PRESS ROOM

No. 3009A.

RESOLUTION.

APPOINTMENT DEPARTMENT

Calcutta, the 7th August 1905

READ—

A Resolution of the Government of India in the Home Department, No 2345—60-Public, dated the 28th October 1904, on the question of affording greater facilities to the Press than exist at present for procuring authentic information regarding matters of public interest

RESOLUTION —In the Resolution cited in the preamble the Government of India announce that, in future, information will be communicated through the medium of a Press room to those Newspapers whose accredited representatives obtain permission to make use of the room. It has been left to the discretion of Local Governments to decide by what method information of local interest should be communicated to the Press.

2 The Lieutenant-Governor has had the question under his consideration for some time and has decided to establish a Press room in Writers' Buildings for the communication of such information as it is desirable to place at the disposal of the Press. The room will be provided with tables, chairs and conveniences for writing as well as with copies of all Government Reports,

Resolutions, etc, which are usually communicated to the Press, and also of Gazetteers, Census Reports, Civil Lists and other official works of reference. Copies of all printed papers which it is considered desirable to make public will be placed daily on the Press table. Admission to the room will be by cards issued to the accredited representatives of newspapers of suitable standing Application for such cards should be made by the Proprietors of the newspapers concerned to the Chief Secretary to the Government of Bengal.

3 The present practice of distributing Government Reports, communiques, etc, will cease in the case of such newspapers as may receive permission to send representatives to the Press room

ORDER.—Ordered that this Resolution be published in the *Calcutta Gazette*, and that copies, together with the rules to be framed for regulating the working of the Press room, be forwarded to the several Departments of this Government for information and guidance

By order of the Lieutenant-Governor of Bengal,

R W CARLYLE,

Offg Chief Secy. to the Govt. of Bengal

The total fall from 1st January to 5th August 1905	48 55
The average fall of the corresponding period for 24 years, Surveyor-General's Office	37 00

The mean pressure, temperature, etc, are deduced from the traces of the Barograph and Thermograph, and from eye observations

The maximum and minimum temperatures are obtained from self-registering thermometers All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground

The barometer readings are corrected to those of the standard, Newman's No 86, formerly at the Surveyor-General's Office

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground Rainfall reported on any day is for 24 hours preceding 8 A M of that day

o, overcast, p, passing temporary showers, d, drizzling rain.

No 83Marine—The following draft of rules which it is proposed to make under the Indian Petroleum Act, 1899, in place of those published under this Department Notification No 105Marine of 20th September 1904, is published for the information of persons likely to be affected by the rules

The draft will be taken into consideration on the expiry of a month from the date of its publication in the Gazette, and any objections or suggestions which may be received by the undersigned before that date will be duly considered —

DRAFT RULES

4A Notwithstanding anything contained in rules 3 and 4,* licenses for the possession of dangerous petroleum otherwise than in bulk shall be granted only on the following conditions —

* For these rules, see notification No 24Marine, dated 15th March 1904

(a) The petroleum must be stored in gas tight tin or galvanized-sheet iron, steel or lead-plate drums or receptacles, each containing not more than 10 gallons and fitted with well-made filling holes and well-fitting screw-plugs or fitted with screw cap with metal air-tight under cap Such drums or receptacles must be packed in strong wooden cases, the thickness of the wood being not less than half an inch Provided that wooden cases shall not be necessary when the drums or receptacles are made of tin, galvanized-sheet iron, or steel, and have the following thickness of metal —

	Not less than
(1) when the capacity does not exceed 2 gallons	25 B W G
(2) when the capacity exceeds 2 gallons, but does not exceed 4 gallons	22 B W G
(3) when the capacity exceeds 4 gallons	16 B W G.

(b) An air space of at least one-tenth of its capacity must be left in each drum or receptacle

(c) The drums or receptacles must be so substantially constructed and secured as not to be liable, except under circumstances of gross negligence or extraordinary accident, to be broken or become defective, leaky or insecure

(d) Before any vessel which contains or has contained dangerous petroleum is repaired by the licensee, or is sent by him to be repaired, the vessel shall, as far as practicable, be cleared of all dangerous petroleum and of all dangerous vapours arising from the same

(e) The building in which the petroleum is to be stored must be constructed of masonry or other uninflammable material, with terraced, tiled or iron roof and a tiled, paved or earthen floor

(f) Either (1) the doorways and other openings of such building must be built up to such a height above the level of the road or street, or the floor thereof must be sunk to such a depth below the level of the road or street, that the petroleum stored in it cannot flow out of the building in case of its escape from the receptacles in which it is contained, *or* (2) the building must be surrounded with a masonry wall or embankment sufficiently high to contain all the petroleum in the building in case of its escape therefrom Provided that combination of methods (1) and (2) may be adopted

(g) All ventilating openings in such building must be protected by strong wire gauze.

(h) No smoking or light or fire of any description shall be permitted at any time within or near any such building

(i) All due precautions must be taken for preventing (1) accidents by fire or explosion and (2) access by unauthorised persons to any dangerous petroleum or to any vessels containing or intended to contain or having actually contained the same

(j) Every person managing, or employed on or in connection with, the building in which the petroleum is stored shall abstain from any act whatever which tends to cause fire or explosion and the doing of which is not reasonably necessary, and shall prevent any other person from doing any such act

(k) The said building shall be liable to inspection by an officer authorised in this behalf

(l) No drum or other receptacle containing dangerous petroleum shall be opened or the petroleum drawn off within the room in which the stock of petroleum is kept

(m) The filling or replenishing of any vessels with dangerous petroleum shall not be carried on, nor shall the contents of any such vessel be exposed, in the presence of fire or artificial light, except a light of such strength, position and character as is not liable to ignite any inflammable vapour arising from the petroleum, and no artificial light shall be brought within dangerous proximity of the place where any vessel containing dangerous petroleum is kept

(n) The following distances must be kept clear from the protected works round the building in which the petroleum is stored, namely —

Quantity to be stored		Distances to be kept clear when dangerous petroleum is stored in drums of capacity not exceeding 4 gallons	Distances to be kept clear when dangerous petroleum is stored in drums of capacity exceeding 4 gallons but not exceeding 10 gallons
Gallons	Gallons	Feet	Feet
Not exceeding 1,000		25	30
Exceeding 1,000,	but not exceeding 5,000	40	50
" 5,000	" " 10,000	60	70
" 10,000	" " 15,000	90	100
" 15,000	" " 20,000	130	150
" 20,000	" " 30,000	180	200
" 30,000		200	200

(o) When the quantity of dangerous petroleum to be possessed does not exceed 40 gallons, the following conditions shall be imposed instead of those mentioned in clauses (e), (f) and (n), namely —

(i) The store house or building in which the petroleum is stored must be well ventilated, and must be constructed of uninflammable material, except that the doors and windows may be of wood

(ii) When such store-house forms part of, or is attached to, another building, and the intervening floor or partition is of an unsubstantial or inflammable character or has openings therein, the whole of such building shall be deemed to be the store house, and no portion of such store-house shall be used as a dwelling-house or as a place where persons assemble, and the store-house must have an entrance from the open air distinct from any dwelling-house or any place in which persons assemble

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,

or

the Superintendent, Government Press, Madras or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad

NOTICES TO MARINERS.

THE following Notices are published for general information.

CALCUTTA, *the 12th August 1905.*

W A INGLIS,
Secretary, Marine Department.

INDIA, WEST—MALABAR COAST

A newly discovered anchorage

No. 305 (first publication) —The Master of the S S *Itinda* reports, dated 31st July 1805, that he found smooth water and excellent holding ground at the following bearings about 1½ miles near Cochin —

Cochin flagstaff S 49° E true
Malipuram flagstaff N 36° E true.
" obelisk N 14° E true
26 feet L W O S plus 2 feet soft mud

The following is the result of careful measurement and triangulation —

Cochin light-house to Malipuram flagstaff—
N 11° W (mag) 20,810 feet, 3 42 miles
Malipuram flagstaff to Malipuram obelisk—
N 26° W (mag) 7,080 feet, 1 16 miles

AUSTRALIA, SOUTH—GULF OF ST VINCENT.

Port Adelaide river—No 2 light beacon removed and red light exhibited

No 306 (first publication) —With reference to Notice to Mariners No 279, dated 15th July 1905, issued by this office, the President of the Marine Board, Port Adelaide, has given further notice (No 20 of 1905) informing Masters of Vessels, Pilots and others that Deepening Operations in the vicinity necessitate the removal of No. 2 Light Beacon, and that on and after the 1st July next, a Red Light in lieu thereof will be exhibited from the Red Pile Beacon south of No 3 This Light on with No 4 will point out when to turn off No 2 lead (two Red Lights) and direct the course towards No 3 Light Beacon It should be noted that the numbers of the outer leads have been altered

The positions of all the above lights, as well as those supplied by the Light's Passage Harbour Contractors, are shown on Amended Chart obtainable at these offices.

Sailing directions

By night —In approaching the anchorage vessels of deep draught should not bring the White Light on the old structure to bear north of N E by E in order to avoid the four-fathom patch, which bears N W ½ N from the Light on Wonga Shoal, then get No 1 lead [which consists of two Red Lights vertical seven (7) feet apart and Two White Lights vertical seven (7) feet apart] in line, keep these in line passing between the Occulting Light on the Red Buoy and the Outer Green Light on the North Bank, also between the other Green Lights on the North Bank and the White Lights on the revetment mound

Steer on the same line until the two Red Lights of No 2 lead are coming on, then steer with them on line until the Red Light south of No 3 Beacon is on with No 4, then direct the course to pass a safe distance off No 3, then steer for a like distance off No 4, and so on from Beacon to Beacon round the point until No 9 is reached From a safe distance off No 9 the Lights of No 10 lead will be seen, keep them in line until the Red Light is about a quarter of a point open to the right of the White Light of No 11 lead, then gradually alter the course to bring the Lights of No 11 lead in line, keep them in line (a sharp lookout being kept for the mooring buoys on the starboard hand) until the Lights of No 12 lead are seen coming into line, proceed as before by altering the course before the Lights are on with each other The same applies in the change from No 12 to No 13 leads, when the Lights on the wharves are seen opening out off Luff Point, alter the course so as to round the point at a safe distance, and then up the centre of the Channel, looking out for the Mooring Buoys on the starboard hand

By day —The directions by day are the same as by night, merely substituting the Beacons for the Lights

In going outwards the directions are just the opposite to those given for coming inwards, but in such case, in changing from one lead to another, the course should be gradually altered when abreast of the Low (Red) Beacon of each lead, excepting No 2 lead In this case, when abreast of No 3 Beacon gradually alter the course to bring the Light of No 4 Beacon between the Light of No 3 Beacon and the Red Light on the Beacon south of it, until the two Red Lights of No 2 lead are coming in line, then bring the Red Light on with No 4 Beacon, and proceed outwards with No 2 lead in line

During the progress of the work at the Light s Passage Harbour Works masters of vessels exempt from pilotage may, if they so desire, avail themselves of the services of a pilot to assist them in passing such works, either in or out, at one-half the usual rates.

If the usual exemption flag is not hoisted, it will be taken as a signal that a pilot is required At night, if a pilot is required, the usual signal for a pilot should be shown

N B —Owing to the nature of the work in progress, this notice may require to be amended from time to time, and, therefore, should be treated as tentative only

This affects Admiralty Charts 2389A and B, 1750 and 1,62

Middle gateway and approach—Existence of shoal—Non-existence of others

No 294 (third publication)—With reference to Notice to MarinersNo 185, dated 30th May 1903, issued by this office, the British Admiralty has given further notice (No 601 of 1905) of the existence of a shoal, with a depth of 16 feet over it, situated in a position from which the red beacon, Middle Gateway, bears N 37° E, distant $5\frac{1}{10}$ cables, and Gaham white stone beacon S 67° W This patch is of small extent, but is plainly visible as it has deep water around it

Also, that the shoals with depths of 9 and 19 feet over them, reported to be situated at distances of 5¼ cables N 78° W and 1¾ cables S 41° E, respectively, from the red beacon of the Middle Gateway have been carefully searched for without success The exhaustive but unsuccessful search for these shoals made, first, by H M S *Cossack* in 1903, and now by H M Surveying Vessel *Sealark*, combined with a further statement from Messrs Holt & Co, by whom they were reported, lead to the conclusion that they cannot exist They have therefore been expunged from the Charts

Approximate position, red beacon, lat 21° 28 N, long 39° 9′ E

(Variation 3° Westerly in 1905)

This Notice affects the following Admiralty Chart —Jidda, No 2599 Also, Red Sea, etc, Pilot, 1900, pages 272, 273, and Supplement, 1904, pages 25, 26

Hose carts with 400 feet of hose are also kept at the Sukeas Street Fenwick Bazar, Jora Bagan, Coomertolly, and Alipore police-stations for emergencies A new fire station has been constructed at Garden Reach, where a manual engine and 600 feet of hose are kept and two tindals and 12 khalasees are employed This station has been opened from April 1905

3 A statement showing the receipts and expenditure of the fire-brigade is annexed to this report The year opened with a balance of Rs 22,026-1-6, the receipts amounted to Rs 93 718-15, and the total expenditure to Rs 97,969 8-3, leaving a balance of Rs 17 775-8-3 at the close of the year

Receipts —Fees under the Petroleum Act realized Rs 917 as against the estimate of Rs 400 Hire of fire engines Rs. 800 as against Rs 300 The sale of horses realized Rs 650. The net result was an actual increase in receipts of Rs 1,613 15 over the estimate There were no proceeds on the sale of unserviceable hose and engines during the year

Expenditure—

(*a*) Under the head of Establishment, the increase against Lall Bazar is due to the payment of leave allowance to the Chief Engineer, who was on leave out of India The decrease against the other stations represents savings due to vacancies in the rank of khalasees, and to the staff at Garden Reach not having been employed until late in the year, on quarters being built for them.

(*b*) The net increase, amounting to Rs 2,826 0-9 under the head of Contingencies is due to the purchase, during the year under review, of improved gun metal instantaneous couplings for 14,350 feet of hose and 24 double outlets swivel head copper standpipes, bottoms screwed for ground hydrants and outlets fitted with instantaneous connections and accessories These instantaneous couplings are in substitution of the old fashioned screw couplings and will make for efficiency and expedition of service at fires.

(*c*) Under the head of "Other charges" there was a net increase of Rs 820-2 9 due to payment for "Water pressure"

Out of the closing balance of Rs 17,775 8-3, a sum of Rs. 14,526, estimated in the Budget on 31st March 1905, as the anticipated balance for 1905 06, has been taken as a set-off in determining the contribution payable by the several Municipalities during the current year

4. The following table gives the number of fires and the way they were dealt with —

Description of fire	Number of fires	Number of fires attended by fire-brigade.	Number of fires extinguished by residents	Number of fires attended by Port Fire Engines.
1	2	3	4	5
Fires at which property destroyed, valued at Rs 50 or more ...	55	35	14	6
Fires at which property destroyed, valued at less than Rs 50 ...	65	14	51	Nil

Eight of these fires occurred in buildings licensed under Act I of 1893 in which property to the total value of Rs. 6,01,840 was destroyed.

The total estimated value of the property destroyed by fire was Rs 9,63,409-3, against Rs. 4,12,264, the value of the property destroyed in 1903-04

The following were the most serious fires —

On the 2nd April 1904 a fire broke out at the Union Jute Mill, Sealdah, and a portion of a room, batching machinery and a large quantity of jute was burnt The fire lasted for four hours and the loss was estimated at Rs 30,000

On the 21st July 1904 a fire broke out at the Goosery Cotton Mill, Howrah, and a three storied pucca building, containing spinning and carding machinery was burnt. The fire lasted for 17½ hours and the loss was estimated at Rs 3,00,000

On the 26th November 1904 a fire broke out on board the S S *Aparima* at No 5 Calcutta Moorings and destroyed jute and gunny bags to the value of Rs 2,80,000. The fire lasted for 12 hours

On the 8th December 1904 a fire broke out at No 9 Goa Bagan Street, where three tiled godowns filled with wheat, gunny bags and machinery were burnt, the loss was estimated at Rs 10,000 The fire lasted for 3½ hours

On the 13th January 1905 a fire broke out on the Port Commissioners' ground at Ramkristopore, Howrah, and the following damage was done The total loss was Rs 35,000. The fire burnt for about 34½ hours

(1) A two storied pucca house partly destroyed
(2) A large corrugated shed and about 400 maunds of paddy burnt.
(3) A corrugated shed and a quantity of lime belonging to the Sutni Lime Co destroyed
(4) The E I Railway record office was slightly damaged
(5) A large corrugated iron shed containing about 6,000 maunds of rice was burnt
(6) A two storied tiled hut cotaining 2 bullocks, 1 cow, 2 calves and 1 horse was destroyed The live stock was badly injured

Two persons named Joggessur Ahir, aged 60 years, and his grand-daughter, Soondari aged 10 years, were burnt to death while asleep on the upper storey of the hut

On the 9th February 1905 a fire broke out at the Baranagore Branch Jute Mill, and a pucca godown with corrugated roof, about 1,886 bales of jute and 400 bags of cops, each bag containing about 68 lbs of cops were destroyed The loss was estimated at about Rs. 60,000 The fire lasted for 26 hours

On the 12th March 1905 a fire broke out at the Sulkea Jute Press, Howrah, and a large two-storied pucca godown with galvanized roof, containing baled jute, hemp, cotton and machinery was destroyed The total loss was Rs 2,00,000 and the fire lasted for 37 hours and 15 minutes

On the 14th July 1904 a small petrol fire occurred in a store room in Bhowanipur The neighbours foolishly attempted to beat the fire out with bamboos through the window, but only succeeded in breaking a tin, thus causing a sudden conflagration, which burnt a number of persons, two of whom named Hikayet and Bissarut, subsequently died in hospital

5. Four licenses were granted under section 36, Act I of 1893, for letting off fire-works, rockets, etc Only one license was suspended under section 37 of the Act during the year.

Two prosecutions were instituted under Act IV of 1884, for manufacturing fire-works without licenses In both the cases the accused were convicted and fined.

6 A memorandum of fires in the town and suburbs of Calcutta and in Howrah is attached.

ANNUAL REPORT ON THE GOVERNMENT CINCHONA PLANTATION AND FACTORY IN BENGAL FOR THE YEAR 1904-1905

No 2003T.M.—The 11th August 1905—The following extracts from the Annual Report on the Government Cinchona Plantation and Factory in Bengal for the year 1904-1905 are published for general information.

E. A. GAIT,
Offg Secy to the Govt of Bengal.

Forty-third Annual Report of the Government Cinchona Plantation, British Sikkim, being that for the financial year 1904-1905, and also the Report of the Factory for the same year, by Captain A T GAGE, I.M.S, *Acting Superintendent of Cinchona Cultivation in Bengal and Acting Government Quinologist*

1 *Weather and general.*—The rainfall during the year at Mungpoo was 130 82 inches, or about 8 inches above the average, at Munsong 92 03 inches, the average for the past four years being 90 37 inches. In January a severe hailstorm did considerable damage to the seedlings in the head-quarters nurseries, and in February a number of plants growing on the highest parts of Rungbee and Nalladara were killed by the severe frost

2. *Plantation and Crop*—During the year 473,011 plants were put out, of which 434,915 were *Cinchona Ledgeriana* and 38,096 were *Hybrid No. 2* Of the *Ledgeriana* plants, 151,468 were put out at Mungpoo, 144,600 at Labdah, and 138,847 at Munsong, covering respectively 55 64 acres, 53 12 acres, and 51 acres, or a total of 159·76 acres Of *No 2 Hybrid*, 13,639 plants were put out on 7 83 acres at Mungpoo and 24,457 on 14 03 acres at Sittong, giving a total of 21 86 acres The total acreage planted during the year is 181·62 as against 169 78 last year The *Ledgeriana* planted both at Mungpoo and Munsong was from seed of trees which had been found by analysis to be particularly rich in quinine.

Nurseries.—The seedlings in the nurseries on 31st March 1905 were 3,260 as against 47,152 on 31st March 1904 Discounting a few thousand seedlings which died off in one of the Munsong nurseries, the difference between the two figures testifies to the vigorous way in which planting out had been pushed on before the end of the financial year

The number of trees in the permanent plantations on 31st March 1905 was 3,573,714, distributed as follows —Mungpoo Division 2,210,018, Sittong 254,397, Munsong 1,109,299. The total number was made up of the following species —*Cinchona Ledgeriana* 2,830,035, *No 1 Hybrid* 429,409, *Cinchona Succirubra* 256,145, *No. 2 Hybrid* 55,995, *Cinchona Officinalis* 2,130 The increase over the number on 31st March 1904 is 266,951

During the year 4,373 lbs of *Cinchona Succirubra*, 50,500 lbs of *Hybrid No. 1* and 256,405 lbs. of *Cinchona Ledgeriana*, giving a grand total of 311,278 lbs of bark, were taken off the plantation. Of this amount, Mungpoo Division supplied 302,181 lbs. and Munsong the remainder.

3 *Factory and Outturn*—During the year 491,227 lbs of mixed *Ledger*, *Hybrid No 1*, and *Officinalis* bark were worked up in the Factory, yielding 13,068 lbs 12 oz of sulphate of quinine—the largest quantity ever turned out by the Factory in one year, 545 lbs of sulphate of cinchonidine, and 2,026 lbs. of cinchona febrifuge by the new process The total outturn of the Factory for the year is 15,639 lbs 12 oz. Compared with last year there has been an increased output of sulphate of quinine by 745 lbs 4 oz, the average yield being 2 66 per cent, an increased output of sulphate of cinchonidine by 255 lbs, and a decreased output of cinchona febrifuge by 1,774 lbs. The decrease in the latter is due to the fact that during the last half of the year manufacture of the febrifuge was suspended, while Mr Richardson, the Assistant to the Government Quinologist, was elaborating a method of lightening the dark colour of the febrifuge as made by the new process. This he has accomplished.

4. *General charges.*—The charges against the Department as a whole amount to Rs 16,741-10-3 as against Rs 22,629 1-6 last year. The total is made up of Rs. 3,582 for clerical and menial establishment, Rs. 696-14 for postal and telegraph charges, Rs 842 for advertisements, Rs. 737-8 for taxes, Rs 8,096 15 for extensions of the plantation, Rs 2,786-5-3 for additions to Factory plant

5 *Plantation charges.*—The charges debited against the plantation amount to Rs. 78,572 3-6 as against Rs. 81,612-15-6 last year Against this has to be placed 311,278 lbs. of dried bark harvested during the year.

6. *Factory charges*—The actual working expenses of the Factory were Rs. 47,467-14-5, being Rs 42,102-1-2 incurred in the manufacture of sulphate of quinine, Rs 2,135 in the manufacture of sulphate of cinchonidine, and Rs 3,230-13-3 in the manufacture of cinchona febrifuge To this has to be added Rs. 38,000 expended in purchasing 106,813 lbs of bark and Rs 2,485-14, the cost of its carriage to the Factory, and Rs 13,958-5-4 for purchase of 1,000 lbs of quinine sulphate from the Madras Government Factory The total expenditure in connection with the Factory is therefore Rs 1,01,912-1-9

To produce the outturn detailed in paragraph 3, there were used of *Ledgeriana* bark, 191,724 lbs, valued at Rs. 54,521-10-5, of *Hybrid No 1* bark, 156,007 lbs 8 oz, valued at Rs 19,500-15, of *Officinalis* bark in stock from last year, 52,718 lbs 4 oz, valued at Rs. 18,751-11-3, of *Officinalis* bark purchased during the year, 90,776 lbs 12 oz, valued at Rs. 32,294 14 7 Total 491,227 lbs of mixed bark, valued at Rs 1,25,069-3-3

7 *Issues of manufactured articles*—The issues of sulphate of quinine during the year amounted to 14,865 lbs 9 oz, being an increase of 2,844 lbs 1·5 oz over last year's issue, and the largest amount ever sent out by the Calcutta office During October demands were so urgent and heavy that 1,000 lbs. had to be purchased from the Madras Government Factory to aid in meeting them

There was an increase of 1,667 lbs in the quantity required by medical depôts, an increase of 800 lbs in the quantity required by the Inspector General of Prisons in Bengal for making up into pice-packets, and an increase of 459 lbs. 13 oz in the quantity taken by Government dispensaries and officers On the other hand, there was a decrease of 38 lbs 8 oz in the quantity supplied to prisons in Bengal and of 50 lbs in the quantity supplied to the Superintendent of the Central Prison, Lahore.

The issue of cinchona febrifuge shows a decrease of 112 lbs, due chiefly to the fact that the medical depôts, the Inspector General of Civil Hospitals, and the Inspector-General of Prisons amongst them took 379 lbs. 8 oz less than last year's supply The general public, on the other hand, purchased 263 lbs. 12 oz more than they did last year.

There has been very little demand for sulphate of cinchonidine There were in stock on 1st April 1904 290 lbs., and during the year 545 lbs. were manufactured Of the total of 835 lbs., only 51 lbs. 4 oz have been issued during the year.

8 *Receipts.*—The total receipts for the year amount to Rs 2,28,727-12-8, being a balance of Rs 31,501-13-2 over the year's expenditure and an increase of Rs. 12,732-13-5 over last year's receipts Cash receipts amount to Rs 85,796-8, including Rs 59,679 for sulphate of quinine, Rs 23,265 for cinchona febrifuge, Rs 537 for sulphate of cinchonidine, Rs 1,734 for residual alkaloids, Rs 268 for bark, Rs. 25 for seed, and Rs 287-12 for miscellaneous articles The book credits amount to Rs 1,42,931-4-8, and are made up of Rs. 48,347-8 for issues in connection with pice-packets, Rs 93,482-4-8 for issues to medical depôts, and Rs 1,101-8 for issues to the Inspector-General of Prisons, Bengal. The outstandings on 31st March 1905 amounted to Rs 573. The whole of the outstandings of 31st March 1904 were recovered.

9. *Stock account*—There were in stock on 31st March 1905, sulphate of quinine 8,431 lbs. 1 5 oz., valued at Rs 45,962-5 9, sulphate of cinchonidine 783 lbs 12 oz, valued at Rs. 12,540, cinchona febrifuge 704 lbs., valued at Rs. 5,280, residual alkaloids 5,090 lbs, valued at Rs. 4,453-12, cinchona bark 1,254,267 lbs. 13 oz., valued at Rs. 3,12,296-9-10 4, oil 1,400 gallons, valued at Rs. 729 9-6, chemicals 24,633 lbs. 8 oz., valued at Rs. 2,170-9-6, sundry stores,

valued at Rs 690-9-3. The values are calculated on the average rate at which stock of similar quality was sold during the year It was discovered in course of the year that 40 lbs. 8 oz of residual alkaloids had been incorrectly described as cinchona febrifuge. Accordingly that quantity has been transferred from the latter to the former in the stock account as shown in detail in Appendix C 1.

10 *Balance Sheet* —This is shown in the prescribed form and calculated according to the directions of Government as Appendix E The surplus on the year's working is Rs. 6,157-5 8 4, or deducting non-recurrent charges Rs. 3,371 0-5 4

11 *Sale of Quinine at Post-offices* —The quantity of sulphate of quinine issued for conversion into pice-packets during the year was 4,660 lbs , being an increase of 746 lbs over last year's issue

12. *Miscellaneous* —(*a*) *Fuel Plantation* —Twenty-six acres of firewood plantation were cleared during the year, yielding 12,850 maunds of Khasia oak and 7,150 maunds of miscellaneous woods

(*b*) *Land Rent* —The land revenue amounted to Rs 3,505-15-6 It was paid into the Darjeeling Treasury

(*c*) *Roads* —Towards the end of the year, with the consent of the Forest Department, a bridle road was constructed from Munsong down to the Teesta Valley Road by Mr. Kennedy, in charge of the Munsong Division This road shortens the distance between Mungpoo and Munsong by about eight miles, and should considerably facilitate the transport of bark from Munsong to the factory.

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL, AND OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN ASSAM, FOR THE MONTH OF JULY 1905

The deficiencies in the strength of the monsoon during June was to a certain extent compensated by the activity in July Though the number of depressions which formed at the head of the bay or in the extreme south of the province, was unusually great, there were no periods of serious intermission between them, and rainfall was nearly continuous in all the Divisions of Bengal

The storm which had formed on the last day of the preceding month at the head of the bay passed rapidly inland moving in a west by north direction into the Central Provinces It was followed by a strong monsoon from the bay, and by its agency the apparent barrier which had previously stood in the way of the westward extension of the monsoon winds was broken down, general though for the most part light rain falling over the whole province during the first two or three days of the month This first advance of the monsoon into Bihar, Chota Nagpur and Orissa was, however, even now of a feeble character, and it was not till some days later that the monsoon established itself effectively over the western parts of the province This result was finally brought about by a general fall of pressure, rapid in the north and slow in the south of the bay monsoon area, which culminated in the formation of a second depression in the extreme south of the province on the morning of the 5th This depression, moving in a more northerly direction than its predecessor, brought general and well-distributed rainfall to the whole of the province Temperature, which had up to this time remained high in Bihar, though it had for some time been normal in the rest of the province, was by this last burst of rain brought to its usual level in the former division as well After the disappearance of the storm on the 9th, the monsoon shewed signs of a temporary weakening in the bay due to a too rapid rise of pressure in the province, and this weakness was combined with an unfavourable distribution brought about by a subsequent fall of the barometer in Assam and on the North Arakan coast Winds became westerly over North-East India, and the indraught from the bay being checked, rainfall diminished largely and in many parts altogether ceased from the 9th to the 10th This temporary break in the rains was especially noticeable in the western divisions of the province

A return, however, to normal conditions quickly took place, a falling barometer and a steepening of the bay gradient being followed on the 11th by the formation of a small depression at the head of the bay slightly to the south-east of Saugar island Though remaining shallow, it slowly moved in a north by west direction into Bihar, and did not finally pass beyond the province till the 15th of the month The rainfall which accompanied this storm was, though slightly defective in Assam and North Bengal, general throughout the remainder of the province Temperature which had risen above the normal during the slight break referred to above, again began to fall with the appearance of the last distribution (the fall commencing in the east and gradullay extending westwards), and on the 12th was once more normal or below normal throughout

After the final disappearance of this depression, the distribution again for a brief period assumed a character favourable to the extension eastwards of westerly winds, and rainfall for a day or two diminished in amount This temporary fall was, however, rapidly succeeded by a fresh burst of activity on the part of the monsoon A generall fall of the barometer over the whole area and a rapid fall at the head of the bay accompanied the formation of still another storm in the latter region This storm moved into the Central Provinces along a path somewhat more to the south than is usual at this time of the year, but nevertheless gave rise to very general precipitation from the 18th to the 20th

The first serious retreat of the monsoon current in the bay followed this last period of disturbance The deficiency was especially marked on the Arakan coast, where the general rise of pressure which had taken place in the wake of the storm had been comparatively slight and had been succeeded by a slow fall The result of these changes was the establishment of an area of very uniform pressure in the eastern section of the northern half of the bay Both the area and the amount of rainfall diminished very largely in the province, and it was not till the 25th that precipitation began again to increase, owing to the progress northwards of a storm which had formed in the northern half of the bay.

As early as the 21st there were indications of renewed activity of the monsoon in the extreme south of the bay, strong monsoon winds steadily advancing northwards and finally entering the region of uniform pressure off the Arakan coast Squally weather accompanied their progress and preceded the formation of a small cyclone storm between the 20th and 24th slightly to the north-west of Diamond Island The area affected by the storm was very wide, but it is difficult from the reports of the next few days to locate its actual centre It would seem indeed from the behaviour of the coast winds that there were really two foci, one well to the north, which crossed the coast about the evening of the 25th, and the other which only entered Bengal on the morning of the 27th The preliminary disturbance was, however, diffused and of no importance, and its existence was only indicated by the well-marked changes between the 25th and 26th in the direction of the winds (themselves feeble) on the Bengal and North Arakan coasts The central region of the true storm was extremely localised, as is shown in part by the fact that the winds to the north of it were actually during the 26th being drawn into the area of the preceding disturbance. Further, though

it affected the weather of a very wide area, the actual variation of pressure, except in its immediate track, was small As has been already stated, the storm crossed the Bengal coast a little to the east of Chittagong on the morning of the 27th It showed considerable vitality, as after moving slowly northwards for two days, it was finally diverted almost due west between the 29th and 30th into Bihar, on the 31st it had disappeared from the reporting area It gave moderate to heavy rain to the whole province with the exception of Orissa and Chota Nagpur, where the precipitation was small

Temperature, which during the period immediately antecedent to the break in the rains mentioned above had been practically steady and normal, rose rapidly on the first appearance of weakness in the monsoon, and on the 23rd was generally above the normal It was not till the 27th that the influence of the storm extended to the temperature, the heavy rainfall which then set on bringing it below the normal on the 28th in Assam, Lower Bengal, Chota Nagpur, and Bihar On the last day of the month ordinary monsoon weather prevailed in Assam and Bengal

Summary of pressure —Owing to the large number of depressions, pressure shewed considerable variations during the month Each storm was preceded by a greater or less general fall of the barometer, which in the actual path of the centre was in some cases fairly large, while after the depression had passed, pressure generally rose above the normal The periods of high pressure were, however, of short duration, while the preceding defect from the normal was even in the actual path of the storm wave never very great The average was thus fairly maintained with the result that though the mean pressure for the month was below the normal, the deficiency was extremely slight and moreover very uniform

Summary of temperature —As will be seen from the weather summary, the fluctuations of temperature followed those of the rainfall The periods of high temperature were, however, for the most part of short duration, the only lengthened interval of hot weather being from the 22nd to about the 28th For the rest of the month temperature was either normal or below normal, but on no occasion did the defect become considerable The average mean temperature for the month was therefore nearly normal and this agreement with the average is shown both in maximum and minimum temperatures If anything the former were a little higher than usual in South-West Bihar

Summary of rainfall —Rainfall was copious in South-West and East Bengal as well as in Bihar and Chota Nagpur In the first division the fall was 175 per cent of the normal, and in the other three about 125 per cent It is only in North Bengal and Orissa that a slight deficiency is shown This was due in the former case to be break, which occurred in the latter part of the month, being more prolonged in this division than in those previously mentioned, and in the latter to a general deficiency not only during this period but also for the last days of the month in the more southern parts of the division The total deficiency was, however, slight, not amounting in either case to 20 per cent

The mean pressure, temperature, etc, are deduced from the traces of the Barograph and Thermograph, and from eye observations

The maximum and minimum temperatures are obtained from self-registering thermometers All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground

The barometer readings are corrected to those of the standard, Newman's No 86, formerly at the Surveyor-General's Office

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground Rainfall reported on any day is for 24 hours preceding 8 A M of that day

[Third Publication]

The 4th August 1905

No 83Marine—The following draft of rules which it is proposed to make under the Indian Petroleum Act, 1899, in place of those published under this Department Notification No 105Marine of 20th September 1904, is published for the information of persons likely to be affected by the rules

The draft will be taken into consideration on the expiry of a month from the date of its publication in the Gazette, and any objections or suggestions which may be received by the undersigned before that date will be duly considered —

DRAFT RULES

4A Notwithstanding anything contained in rules 3 and 4,* licenses for the possession of dangerous petroleum otherwise than in bulk shall be granted only on the following conditions —

* For these rules see notification No 24Marine, dated 15th March 1904

(a) The petroleum must be stored in gas-tight tin or galvanized-sheet iron, steel or lead-plate drums or receptacles, each containing not more than 10 gallons and fitted with well-made filling holes and well-fitting screw-plugs or fitted with screw cap with metal air-tight under cap Such drums or receptacles must be packed in strong wooden cases, the thickness of the wood being not less than half an inch Provided that wooden cases shall not be necessary when the drums or receptacles are made of tin, galvanized-sheet iron, or steel, and have the following thickness of metal —

	Not less than
(1) when the capacity does not exceed 2 gallons	25 B W. G
(2) when the capacity exceeds 2 gallons, but does not exceed 4 gallons	22 B W G
(3) when the capacity exceeds 4 gallons	16 B W G

(b) An air space of at least one-tenth of its capacity must be left in each drum or receptacle

(c) The drums or receptacles must be so substantially constructed and secured as not to be liable, except under circumstances of gross negligence or extraordinary accident, to be broken or become defective, leaky or insecure

(d) Before any vessel which contains or has contained dangerous petroleum is repaired by the licensee, or is sent by him to be repaired, the vessel shall, as far as practicable, be cleared of all dangerous petroleum and of all dangerous vapours arising from the same

(e) The building in which the petroleum is to be stored must be constructed of masonry or other uninflammable material, with terraced, tiled or iron roof and a tiled, paved or earthen floor.

(*f*) Either (*1*) the doorways and other openings of such building must be built up to such a height above the level of the road or street, or the floor thereof must be sunk to such a depth below the level of the road or street, that the petroleum stored in it cannot flow out of the building in case of its escape from the receptacles in which it is contained, *or* (*2*) the building must be surrounded with a masonry wall or embankment sufficiently high to contain all the petroleum in the building in case of its escape therefrom Provided that combination of methods (*1*) and (*2*) may be adopted

(*g*) All ventilating openings in such building must be protected by strong wire gauze

(*h*) No smoking or light or fire of any description shall be permitted at any time within or near any such building

(*i*) All due precautions must be taken for preventing (*1*) accidents by fire or explosion and (*2*) access by unauthorised persons to any dangerous petroleum or to any vessels containing or intended to contain or having actually contained the same

(*j*) Every person managing, or employed on or in connection with, the building in which the petroleum is stored shall abstain from any act whatever which tends to cause fire or explosion and the doing of which is not reasonably necessary, and shall prevent any other person from doing any such act

(*k*) The said building shall be liable to inspection by an officer authorised in this behalf

(*l*) No drum or other receptacle containing dangerous petroleum shall be opened or the petroleum drawn off within the room in which the stock of petroleum is kept

(*m*) The filling or replenishing of any vessels with dangerous petroleum shall not be carried on, nor shall the contents of any such vessel be exposed, in the presence of fire or artificial light, except a light of such strength, position and character as is not liable to ignite any inflammable vapour arising from the petroleum, and no artificial light shall be brought within dangerous proximity of the place where any vessel containing dangerous petroleum is kept

(*n*) The following distances must be kept clear from the protected works round the building in which the petroleum is stored, namely —

Quantity to be stored				Distances to be kept clear when dangerous petroleum is stored in drums of capacity not exceeding 4 gallons	Distances to be kept clear when dangerous petroleum is stored in drums of capacity exceeding 4 gallons but not exceeding 10 gallons
	Gallons		Gallons	Feet	Feet
Not exceeding	1,000			25	30
Exceeding	1,000,	but not exceeding	5,000	40	50
„	5,000	„ „	10,000	60	70
„	10,000	„ „	15,000	90	100
„	15,000	„ „	20,000	130	150
„	20,000	„ „	30,000	180	200
„	30,000			200	200

(*o*) When the quantity of dangerous petroleum to be possessed does not exceed 40 gallons, the following conditions shall be imposed instead of those mentioned in clauses (*e*), (*f*) and (*n*), namely —

(*i*) The store-house or building in which the petroleum is stored must be well ventilated, and must be constructed of uninflammable material, except that the doors and windows may be of wood

(*ii*) When such store-house forms part of, or is attached to, another building, and the intervening floor or partition is of an unsubstantial or inflammable character or has openings therein, the whole of such building shall be deemed to be the store house, and no portion of such store-house shall be used as a dwelling-house or as a place where persons assemble, and the store house must have an entrance from the open air distinct from any dwelling-house or any place in which persons assemble

†2	Sanskrit	400
†3	Arabic	400
4.	Persian	400
5	Chinese (for Candidates assigned to the Province of Burma only)	400

(*a*) No deduction will be made from the marks assigned to Candidates in Mathematics or English Composition

(*b*) Instructions, showing the extent of the Examination, will be issued to the successful Candidates as soon as possible after the result of the Open Competition is declared

* The principal Vernacular Language prescribed for each Province to which Candidates are assigned is as follows —

For the United Provinces of Agra and Oudh, the Punjab, and the Central Provinces	Hindustani
For Burma	Burmese
For Bombay	Marathi
For Madras	Tamil or Telugu } At the option of the Candidate.
For the Lower Provinces of Bengal	Hindustani or Bengali } At the option of the Candidate.

In Hindustani the Candidate will be required to be acquainted with both the Persian and the Nagari character, and in the case of the last two Provinces mentioned above, a Candidate whose Vernacular Language is either of the languages shown against his Province, must offer the other for examination.

† These subjects may not be offered by any Candidate who has offered them at the Open Competition

In this Examination, as in the Open Competition, the merit of the Candidates examined will be estimated by marks (which will be subject to deductions in the same way as the marks assigned at the Open Competition), and the number set opposite to each subject denotes the greatest number of marks that can be obtained in respect of it The Examination will be conducted on paper and *vivâ voce*, as may be deemed necessary This Examination will be held at the close of the year of probation, and will be called the "*Final Examination*"

If any candidate is prevented by sickness or any other adequate cause from attending such examination, the Commissioners may, with the concurrence of the Secretary of State for India in Council, allow him to appear at the Final Examination to be held in the following year, or at a special examination

10 The selected Candidates will also be tested during their probation as to their proficiency in Riding

The examinations in Riding will be held as follows —

(1) Shortly after the result of the Open Competitive Examination has been declared, or at such time or times as the Commissioners may appoint during the course of the probationary year

(2) Again, at the time of the Final Examination, Candidates who may then fully satisfy the Commissioners of their ability to ride well and to perform journeys on horseback, will be awarded from 100 to 200 marks according to the degree of proficiency displayed, to be added to their marks in the Final Examination Candidates who fail to obtain 100 marks, but are reported by the Civil Service Commissioners to have reached a minimum standard of proficiency in riding, and are certified by the said Commissioners to be entitled to be appointed to the Civil Service of India, will, on their arrival in India, be subjected to such further tests in riding as may be prescribed by their Government, and shall receive no increase to their initial salary until they have passed such tests to the satisfaction of that Government

A Candidate who fails at the end of the year of probation to satisfy the Civil Service Commissioners that he has reached the minimum standard of proficiency in riding will be liable to have his name removed from the list of Selected Candidates

11 The Selected Candidates who, on examination, shall be found to have a competent knowledge of the subjects specified in Regulation 9, and who shall have satisfied the Civil Service Commissioners of their eligibility in respect of nationality, age, health, character, conduct during the period of probation, and ability to ride, shall be certified by the said Commissioners to be entitled to be appointed to the Civil Service of India, provided they shall comply with the regulations in force, at the time, for that Service

12 Persons desirous to be admitted as Candidates must apply on Forms, which may be obtained from "The Secretary, Civil Service Commission, London, W, at any time after the 1st December, in the year previous to that in which the Examination is to be held No person will be admitted to the Examination from whom the Secretary to the Civil Service Commissioners has not received on or before the 1st July (or, if that date should fall upon a Sunday or public holiday, then, on or before the first day thereafter on which their office is open), in the year in which the examination is to be held, an application, in the handwriting of the Candidate, on the prescribed form

The Civil Service Commissioners are authorized by the Secretary of State for India in Council to make the following announcements —

(i) *Selected Candidates will be allotted to the various Provinces upon a consideration of all the circumstances, including their own wishes, but the requirements of the Public Service will rank before every other consideration*

(ii) *An allowance amounting to £100 will be given to all Candidates who pass their probation at one of the Universities or Colleges which have been approved by the Secretary of State, viz, the Universities of Oxford, Cambridge, Dublin, Glasgow, Edinburgh, St Andrews and Aberdeen, Victoria University, Manchester, University College, London, and King's College, London provided such Candidates shall have passed the Final Examination to the satisfaction of the Civil Service Commissioners, and shall, in the opinion of the Secretary of State, have conducted themselves well and complied with such rules as may be laid down for the guidance of Selected Candidates The whole probation must ordinarily be passed at the same Institution Migration will not be permitted, except for special reasons approved by the Secretary of State*

(iii) *The allowance of £100 will not be paid to any Selected Candidate until he has been certified by the Civil Service Commissioners to be entitled to be appointed to the Civil Service of India, and every Certificated Candidate must, before receiving his allowance, give a written undertaking to refund the amount in the event of his failing to proceed to India.*

(iv) *All Candidates obtaining Certificates will be also required to enter into covenants, by which, amongst other things, they will bind themselves to make such payments as under the rules and regulations for the time being in force they may be required to make towards their own pensions or for the pensions of their families The stamps payable on these covenants amount to £1*

(v) *The seniority in the Civil Service of India of the Selected Candidates will be determined according to the order in which they stand on the list resulting from the combined marks of the Open Competitive and Final Examinations*

(vi) *Selected Candidates will be required to report their arrival in India within such period after the grant of their Certificate of Qualification as the Secretary of State may in each case direct*

(vii) *Candidates rejected at the Final Examination held in any year will in no case be allowed to present themselves for re-examination*

N B—A Manual of Rules and Regulations applicable to members of the Covenanted Civil Service of India has been compiled by permission of the Government of India, and may now be procured either from Messrs A Constable & Co, 16 James Street, Haymarket, S W, or from Mr E A Arnold, 37 Bedford Street, Covent Garden Price 2*s* 6*d*

The Commissioners have been requested by the Secretary of State for India to draw the attention of Selected Candidates to the prefatory note attached to this manual, as it is considered important that it should be clearly understood that this compilation is not to be regarded in any other light than that of a collection, made for facility of reference, of certain information and rules, that it is by no means exhaustive, and that it is liable to such modifications as may from time to time be sanctioned by competent authority

CIVIL SERVICE OF INDIA,

CLERKSHIPS (CLASS I) IN THE HOME CIVIL SERVICE, AND EASTERN CADETSHIPS

Syllabus showing the extent of the Examination in certain subjects

English Composition—An Essay to be written on one of several subjects specified by the Civil Service Commissioners on their Examination Paper

English Language and Literature—The Examination will be in two parts In the one the Candidates will be expected to show a general acquaintance with the course of English Literature, as represented (mainly) by the following writers in verse and prose, between the reign of Edward III and the accession of Queen Victoria

Verse—Chaucer, Langland, Spencer, Shakespeare, Milton Dryden, Pope, Gray, Collins, Johnson, Goldsmith, Crabbe, Cowper, Campbell, Wordsworth, Scott, Byron, Coleridge, Shelley, Keats

Prose—Bacon, Sir Thomas Browne, Milton, Cowley, Bunyan, Dryden, Swift, Defoe, Addison, Johnson, Burke, Scott, Macaulay (Essays and Biographies)

A minute knowledge of the works of these authors will not be looked for in this part of the Examination, which will, however, test how far the Candidates have studied the chief productions of the greatest English writers *in themselves*, and are acquainted with the leading characteristics of their thought and style, and with the place which each of them occupies in the history of English Literature Candidates will also be expected to show that they have studied in these authors the history of the English Language in respect of its vocabulary, syntax, and prosody

The other part of the Examination will relate to one of the periods named below, which will follow each other year by year in the order indicated :—

1.	A.D 1700 to A D 1800
(1906)	[Pope to Cowper]
2	A D 1800 to A D 1832
(1907)	[Nineteenth Century writers to the death of Scott]
3	A D 1360 to A.D 1600.
(1908)	[Chaucer to Spencer]
4	A D 1600 to A D 1700
(1909)	[Shakespeare to Dryden]

The Examination in this part will require from Candidates a more minute acquaintance with the history of the English Language and Literature, as illustrated in the chief works produced in each period, and will be based to a considerable extent, but by no means

exclusively, on certain books specified each year by the Commissioners * The names placed under the dates are intended to suggest the general character of the literary development of the period, and, consequently, the natural limits of the Examination All the works of Shakespeare, for example, will be regarded as falling within the period 1600 to 1700, all the works of Swift within the period 1700 to 1800, all the works of Scott and Wordsworth, and all the works of Macaulay within the period 1800 to 1832

(FORM TO BE FILLED UP BY CANDIDATES FOR EXAMINATION)

[This application form relates only to the competition for the Civil Service of India, and does not entitle a candidate to compete also for the Home or Colonial Civil Service.]

*** *The order for admission to the Examination will not be issued unless this Form, filled up by the Candidate himself, is received by the Secretary of the Civil Service Commission on or before the 2nd July 1906*

SIR,

I beg to inform you that I wish to be a Candidate at the Examination for the Civil Service of India, which is appointed to commence in London on the 1st of August 1906

Candidates not born within the British Dominions should state this fact in a separate letter

I am a natural-born subject of His Majesty.

I hereby declare that I was born on the   day of 18   , and that therefore I shall have attained the age of 22 years and shall not have attained the age of 24 years on the 1st of August 1906, I also declare that I have no disease, constitutional affection, or bodily infirmity unfitting me, or likely to unfit me, for the Civil Service of India, and that I am of good moral character, and otherwise eligible under the Regulations, and I undertake that, if I am successful, I will conform, during my period of probation, to such rules respecting the conduct of Public Servants as have been laid down, or may hereafter be laid down, by the Secretary of State for India in Council

Candidates who are not Natives of India should strike out this paragraph

I send herewith a Certificate of age and nationality issued in accordance with the rule respecting Natives of India printed in paragraph III on the next page.

* If you have never been examined, insert here the word "never"
† If you have been examined, give the date, etc, of the *last* occasion

I beg to inform you that I was*———— examined before the Civil Service Commissioners in the month of† ———————— in the year 1 ———— as a Candidate for the situation of ————————

I am, SIR,

Your most obedient Servant,

---

N B —Attention is drawn to the annexed Form, which must be filled up by every Candidate

---

EVIDENCE OF AGE TO BE REQUIRED FROM CANDIDATES FOR THE CIVIL SERVICE OF INDIA

I Every Candidate born in the United Kingdom should be prepared to produce, when required, a Certificate from the Registrar-General of Births, Marriages, and Deaths, or from one of his provincial Officers This Certificate may be obtained from the Registrar-General in London, Dublin or Edinburgh, or from the Superintendent Registrar of the district in which the birth took place

II. A Candidate born of European parents in India should be prepared to produce, when required, a Certificate of Baptism from the district in which he was baptised If this does not also mention the date of birth, it should be accompanied by a statutory declaration by one of the Candidate's parents, stating the date and place of birth When such certificates are not in the possession of the candidates, an Extract from the Registers kept at the India Office will probably be obtainable

III A Candidate who is a Native of India must, *before he can be admitted to the Competition*, produce a certificate of age and nationality issued under Notification of the Government of India, No 2252, dated 21st August 1888, as amended by Notification No 404, dated 19th May 1898, and signed, should he be a resident in British India, by the Secretary to Government of the Province, or the Commissioner of the Division, within which his family resides, or should he reside in a Native State, by the highest Political Officer accredited to the State in which his family resides *No other Certificates will be accepted for this competition*

Except as noted in paragraphs II and III, every Candidate who proves to be successful is expected to produce a Certificate of *Birth* The Civil Service Commissioners will not in ordinary cases accept a Certificate of Baptism, or other testimony, unless they are first satisfied that a Certificate of Birth cannot be procured

Official Certificates of Birth may generally be obtained as follows —

(a) *For persons born in England or Wales* —From the Registrar-General, Somerset House, London, or from the Superintendent Registrar of the district in which the birth took place

(b) *For persons born in Scotland* —From the General Register Office, Edinburgh; or from the Registrar of the parish or district in which the birth took place.

Port Adelaide river—No 2 light beacon removed and red light exhibited

No 306 (second publication) —With reference to Notice to Mariners No 279, dated 15th July 1905, issued by this office, the President of the Marine Board, Port Adelaide, has given further notice (No 20 of 1905) informing Masters of Vessels, Pilots and others that Deepening Operations in the vicinity necessitate the removal of No. 2 Light Beacon, and that on and after the 1st July next, a Red Light in lieu thereof will be exhibited from the Red Pile Beacon south of No 3 This Light on with No 4 will point out when to turn off No 2 lead (two Red Lights) and direct the course towards No 3 Light Beacon. It should be noted that the numbers of the outer leads have been altered

The positions of all the above lights, as well as those supplied by the Light's Passage Harbour Contractors, are shown on Amended Chart obtainable at these offices

Sailing directions

By night —In approaching the anchorage vessels of deep draught should not bring the White Light on the old structure to bear north of N E by E in order to avoid the four-fathom patch, which bears N W ½ N from the Light on Wonga Shoal, then get No 1 lead [which consists of two Red Lights vertical seven (7) feet apart and Two White Lights vertical seven (7) feet apart] in line, keep these in line passing between the Occulting Light on the Red Buoy and the Outer Green Light on the North Bank, also between the other Green Lights on the North Bank and the White Lights on the revetment mound.

Steer on the same line until the two Red Lights of No 2 lead are coming on, then steer with them on line until the Red Light south of No 3 Beacon is on with No 4, then direct the course to pass a safe distance off No 3, then steer for a like distance off No 4, and so on from Beacon to Beacon round the point until No. 9 is reached From a safe distance off No. 9 the Lights of No 10 lead will be seen, keep them in line until the Red Light is about a quarter of a point open to the right of the White Light of No 11 lead, then gradually alter the course to bring the Lights of No 11 lead in line, keep them in line (a sharp lookout being kept for the mooring buoys on the starboard hand) until the Lights of No. 12 lead are seen coming into line, proceed as before by altering the course before the Lights are on with each other The same applies in the change from No 12 to No 13 leads, when the Lights on the wharves are seen opening out off Luff Point, alter the course so as to round the point at a safe distance, and then up the centre of the Channel, looking out for the Mooring Buoys on the starboard hand

By day—The directions by day are the same as by night, merely substituting the Beacons for the Lights

In going outwards the directions are just the opposite to those given for coming inwards, but in such case, in changing from one lead to another, the course should be gradually altered when abreast of the Low (Red) Beacon of each lead, excepting No 2 lead In this case, when abreast of No 3 Beacon gradually alter the course to bring the Light of No 4 Beacon between the Light of No 3 Beacon and the Red Light on the Beacon south of it, until the two Red Lights of No 2 lead are coming in line, then bring the Red Light on with No 4 Beacon, and proceed outwards with No 2 lead in line

During the progress of the work at the Light's Passage Harbour Works masters of vessels exempt from pilotage may, if they so desire, avail themselves of the services of a pilot to assist them in passing such works, either in or out, at one-half the usual rates

If the usual exemption flag is not hoisted, it will be taken as a signal that a pilot is required At night, if a pilot is required, the usual signal for a pilot should be shown

N B—Owing to the nature of the work in progress, this notice may require to be amended from time to time, and, therefore, should be treated as tentative only

This affects Admiralty Charts 2389A and B, 1750 and 1752

REPORT ON THE WORKING OF TREASURIES IN BENGAL FOR THE YEAR 1904-1905

FINANCIAL DEPARTMENT—FINANCE.

Calcutta, the 12th August 1905

RESOLUTION—No 3297F

READ—

A letter from the Accountant-General, Bengal, No 202T M, dated the 1st June 1905, reporting on the working of Treasuries in Bengal during the year 1904 05

Read again—

Resolution No 4362F, dated the 22nd August 1904, reviewing the working of the Treasuries for 1903-04

The Lieutenant-Governor is glad to see that the work of the Treasuries in Bengal continues to improve, and that the number of irregularities has decreased from 2,321 in 1903-04 to 1,462 in 1904-05.

2 The improvement was most marked in the Treasuries at Burdwan, Pabna, Chittagong, Patna, Gaya, Noakhali, 24-Parganas, Bhagalpur, Dumka and Balasore The Treasuries showing the lowest number of irregularities were Monghyr (7), Palamau (8), Malda (9), Manbhum (9), Faridpur (10), Pabna (11), Noakhali (12), Burdwan (14), Khulna (14)

3 The following officers are, in the opinion of the Accountant-General, most deserving of commendation, and the Lieutenant-Governor's acknowledgements are due to them for the good work done by them during the year —

(1)	Babu Rajendra Chandra Ghosh,	Treasury Officer,	24-Parganas,
(2)	„ Nava Kumar Chakravarti,	ditto,	Darjeeling,
(3)	Maulvi Abdul Huq,	ditto,	Burdwan
(4)	„ Zakir Hossain,	ditto,	Patna,
(5)	Babu Romesh Chandra Das,	ditto,	Noakhali, and
(6)	Maulvi Mahomed Eskanderali,	ditto,	Pabna

ORDER —Ordered that a copy of the Resolution, with an extract paragraph 5 of the Accountant-General's report, be forwarded to all Commissioners of Divisions for information and communication to the District Officers in their Divisions and (through them to the Treasury Officers), to the Accountant-General, Bengal, and to the Appointment Department for information

Ordered also that the Resolution be published in the *Calcutta Gazette.*

By order of the Lieutenant-Governor of Bengal,

E. A GAIT,

Offg. Secy. to the Govt of Bengal.

READ—

Letter No 226S, dated the 1st May 1905, from Shipping Master, Calcutta

Memorandum No 3309B, dated the 5th May 1905, from the Secretary to the Board of Revenue, Lower Provinces

Letter No 356C, dated the 26th April 1905, from the Commissioner, Orissa Division

The receipts of the Calcutta Shipping Office during the year 1904-05 amounted to Rs 85,723 against Rs 78,751 in the previous year, showing an increase of Rs. 6,972 This is mainly due to an increase in the shipping, discharging and overtime fees, and also to the sale of discharge certificates

2. The expenditure showed an increase of Rs 18,745, the figures being Rs 50,319 against Rs 31,574 in 1903-04. There were small increases under most heads of expenditure, but the main cause was the opening of a Branch Shipping Office at the Kidderpore Docks under an additional Assistant Shipping Master. This office has proved a great convenience to the shipping. A sum of Rs. 8,916 was also paid during the year as overtime allowance to the staff for work done in previous years.

3. The receipts under "Trust Funds" amounted to Rs. 89,111, which with the balance of Rs 9,989 unpaid from the previous year made up a total of Rs. 99,100. The receipts show an increase of Rs. 8,909 over the previous year The disbursements amounted to Rs 83,873, and of the balance remaining unpaid Rs. 1,162 lapsed to the State

4. The number of seamen shipped and discharged were—

Shipped .	41,913
Discharged . .	39,180

The decrease in the number of seamen shipped under European articles which has been a prominent feature in the reports of recent years, still continues, during the past year, however, the decrease was only 54 or about a fourth of that of the previous year There was an increase of 3,033 in the total number of discharges, due to some extent to the crews of the new pilot vessel for the port and two vessels brought out by the Bengal-Nagpur Railway for the wagon ferry at Shalimar having been paid off at Calcutta and sent home. The shipments and discharges under Indian articles have increased by 322 during the last year These facts show that the demands of trade are in the direction of substituting Indian for European seamen, the reason which has so often been expressed, is that, in addition to the crews being less expensive, Indian seamen are more amenable to discipline and give less trouble than Europeans

5. In addition 64 seamen were shipped and 88 discharged by foreign Consuls.

6. The number of distressed seamen sent home increased from 65 to 70, due to the larger number of discharges under European articles Of these, 31 were due to sickness and 39 to want of employment.

7 The value of money orders sent by European seamen was Rs 8,198, which is a little more than the previous year when it was Rs. 7,721

8. Attempts were made during the year to obtain convictions against serangs and tindals accused of taking bribes for providing seamen with employment It is, however, difficult to convict, as bribery, unless proved to be

accompanied by extortion, is not a cognizable offence, and the evidence as to extortion is always insufficient to convince Magistrates The Shipping Office continues to exercise supervision when practicable Two cases in which the crews of the S S *Orizaba* and the *Orontes* complained against the serangs were on enquiry proved to be false A second complaint was also made by some of the crew of the former vessel for extortion during a previous voyage, but as the offence was alleged to have been committed at Sydney and London and not on the high seas no prosecution was instituted One case against the serang and tindal of the S S *Clan Macmillan* was successful, and the accused were fined Rs 10 each A fifth case occurred in which the serang reported that he was threatened and ill treated, and finally took his discharge for refusing to pay money to the Chief and Second Engineers The Agents, however, reported that the serang was discharged as not having given satisfaction, and no action was taken by the Port Officer beyond referring the case to the Board of Trade The charge of bribery brought against two native brokers of the Calcutta Shipping Office was on enquiry declared to be false, and the complainant was fined Rs 300

9 The case in which it was alleged that one of the European crew of the S S *Oronsay* was done to death by her Engineers at Colombo has been brought to the notice of the Board of Trade No action was taken in India, as the Port Health Officer at Colombo stated that death was due to heart failure. There was another case reported of attempted murder, but the complainant did not proceed to take further action.

10 At the Port of Chittagong the number of seamen shipped and discharged was 40 and 758 against 75 and 876 in the previous year.

11. The receipts of the year amounted to Rs 1,121 against Rs. 1,659 in the previous year or a decrease of Rs 538 The decrease is due to the falling off of revenue under heads "Shipping fees," "Discharging fees," "Fines and Forfeitures" and "Overtime fees" There were no disbursements

12 The receipts from the "Trust Funds" amounted to Rs. 53,329-8, and with the exception of Rs 198 the whole was disbursed

13. During the year the Shipping Master visited 91 vessels to enquire into matters affecting the vessels No complaints regarding bad or insufficient food, drinking-water and accommodation of seamen were received.

14. Only one British seaman was shipped at False Point during the year No seamen were discharged in the Shipping Office. The annual statement of shipping business transacted at False Point during 1904-05 shows a collection of Re 1 only under the head "Shipping fees"

15. There were no transactions under the Merchant Shipping Act at the ports of Balasore, Chandballi and Puri during the year under review.

By order of the Lieutenant-Governor of Bengal,

Secretary to the Govt. of Bengal.

No 1370Marine

Government of Bengal.

MARINE DEPARTMENT.

Dated Calcutta, the 16th August 1905

RESOLUTION.

READ—

Letter No 2596, dated the 30th June 1905, from the Port Officer, Calcutta, submitting the Annual Report of his Department for the year 1904 1905

AT the close of the year there were 49 qualified Pilots on the strength, being the same number as in the previous year. Three casualties occurred during the year and were met by the appointment of three qualified leadsmen The sanctioned number of pilots is 58. This number can only be worked up to gradually as leadsmen qualify At the end of the year there were 17 leadsmen in training, as compared with 14 at the end of the last year

2. The tonnage of vessels allotted to the different grades of pilots was slightly altered, and the following scale is now in use —

Branch Pilots .. .	Above 3,400 tons
Senior Master Pilots ...	From above 1,800 tons to 3,400 tons
Junior " " ...	" " 1,800 to 2,800 tons
Mate Pilots	Up to 1,800 tons

3 One thousand five hundred and nineteen vessels arrived at the port during the year, and the number of vessels that sailed from it was 1,508. The total number of arrivals and departures was thus 3,027, or 288 more than that of the previous year These figures represent a gross tonnage of 5,678,220 inwards and 5,625,376 outwards. Of the total number of vessels visiting the port, only 25 were sailing ships. The average tonnage of steam and sailing vessels inwards and outwards was 3,734, against 3,585 in the previous year

4. The receipts for pilotage during the year amounted to Rs. 13,54,160, against Rs. 12,23,300 of the previous year.

5 There has been an increase in the number of steamers drawing over 21 feet, which were piloted inwards and outwards during the year as compared with that of the preceding year. Altogether 15 vessels, 7 inward and 8 outward, were neaped for want of sufficient water on the bars, against only one such detention in the last year. Many vessels during the dry season left short of cargo to avoid being neaped. The number of vessels detained at the Sandheads for want of pilots was 13, as compared with 5 in the previous year and 17 in the year 1902-1903. The shortest detention was 9 hours 40 minutes, the longest 53 hours 45 minutes, the average being 18 hours 57 minutes

6 There were 5 collisions and 23 groundings, as against 17 collisions and 16 groundings in the previous year. In one case of collision, the pilot concerned was held to blame for error of judgment With regard to the groundings, the pilots were held to blame in six instances.

7. Thirty-seven preliminary enquiries into shipping casualties were held by the Port Officer, of which two were referred to Departmental Courts of Enquiry and nine to Special Courts of Enquiry In eight cases, the pilots were held to blame and were suitably dealt with by this Government One more Departmental Court was held in which the acting Chief Officer of the P V. "*Fame*" was degraded four places on the Leadsmen's list for negligence while on duty. A Licensed Branch Pilot was also convicted and fined by the Chief Presidency Magistrate for causing the death of the 2nd Mate of the S. S. "*Gibraltar*" through negligence on his part. No Marine Court under Act XII of 1859 was held during the year

8 One hundred and twenty-one candidates appeared at the examination for Colonial and Home Trade certificates of competency, of whom 75 passed, 331 candidates also appeared at the different examinations for certificates of competency as Masters, Serangs, Engineers and Engine-Drivers under Act VI of 1884, but only 121 passed.

9. Mr G. Robertson, 1st Engineer and Shipwright Surveyor, and Mr F Olford, 2nd Engineer and Shipwright Surveyor, held their respective appointments up to 5th October 1904, when the former proceeded on furlough, and the latter took up the duties of the First Marine Surveyor making over charge of his duties as 2nd Engineer and Shipwright Surveyor to Mr. C F. Laslett, R I.M

10 The work of the Department has been zealously and efficiently conducted by Commander E. J. Beaumont, R.I.M. Lieutenant C B. Henley, R.I.M., continued to act as Assistant Port Officer and Deputy Shipping Master of Calcutta up to 16th June 1904, when he went on leave, returning to duty on 12th December 1904. During his absence, Lieutenant C Gardner, R.I.M., officiated.

By order of the Lieutenant-Governor of Bengal,

Secretary to the Govt of Bengal.

REPORT ON THE COTTON CROPS OF BENGAL, AUGUST 1905

THE following is published for general information.

R W. CARLYLE,
Offg. Chief Secy. to the Govt. of Bengal.

The 19th August 1905.

DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL

REPORT ON THE COTTON CROPS OF BENGAL, AUGUST 1905

Explanatory.—The Government of India has recently ordered that the Director-General of Commercial Intelligence should issue four forecasts of cotton at uniform intervals of two months, viz , on (1) 15th August, (2) 15th October, (3) 15th December, and (4) 15th February As provincial forecasts are to be submitted to the Director-General shortly before these dates, this forecast is issued as the first August forecast by this Department.

The August forecast under orders of the Government of India should deal only with the early cotton crop, but in some districts of the Province, especially in the Patna Division, the late crop is also sown before August This forecast, therefore, while dealing with the early crop, generally also shows the progress made in the sowings of the late crop in these districts.

2 *Character of the season.*—In the Chittagong Hill Tracts, the most important area under early cotton in the Province, the season has been very favourable. Want of timely rain, however, has reduced the area under the early crop in Manbhum.

As for the late crop the most important district is Saran Here as well as in other districts of the Patna Division sowings have been delayed by want of timely rain and are still in progress.

3. *Area sown*—The appended table summarising the district reports shows that the five and ten years' averages of early cotton in the Province are 71,680 and 83,400 acres respectively The area sown this year is 57,040 acres against 50,050 acres of last year

As for the late cotton the five and ten years' averages of the Province are respectively 48,900 and 67,200 acres The area sown up to now is 17,200 acres against 38,100 for the whole sowings of last year

N D BEATSON BELL,

Offg Director of the Dept. of Land Records and Agriculture, Bengal

CALCUTTA,

The 11th August 1905

[On an average of the five years ending 1903-1904 the area under cotton crops in the territory to which this forecast relates has represented some 1 2 per cent. of the total area under cotton crops in British India]

The mean pressure, temperature, etc, are deduced from the traces of the Barograph and Thermograph, and from eye observations

The maximum and minimum temperatures are obtained from self-registering thermometers All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory They are exposed under a thatched shed open at the sides and are suspended four feet above the ground

The barometer readings are corrected to those of the standard, Newman's No 80, formerly at the Surveyor-General's Office

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph

The mouth of the rain-gauge is one foot above the ground Rainfall reported on any day is for 24 hours preceding 8 A M of that day

o, overcast; p, passing temporary showers, d, drizzling rain.

NOTIFICATIONS.

No 2606T R —The 28th August 1905 —Mr R G A Hannah, Extra Assistant Conservator of Forests, attached to the Sundarbans Division, is granted privilege leave for a further period of fifteen days, under article 260 of the Civil Service Regulations, in extension of the leave granted to him in notification No 1311T R, dated the 16th June 1905

No 2607T R —The 28th August 1905 —The Lieutenant Governor of Bengal, with the previous sanction of Governor-General in Council, is hereby pleased to declare, under the provisions of section 26 of the Indian Forest Act of 1878, that the area specified below which in notification dated 23rd January 1879 was declared to be Reserved Forest under section 34 of that Act and the description of the boundaries of which were subsequently amended by Notification No 3147, dated 2nd July 1895, ceased to be Reserved Forest with effect from 15th August 1903—

Jalpaiguri

Specification of land disforested

Name of Reserve disforested	District	Tahsil	Mauza	Area in acres
Apalchand	Jalpaiguri	Mynaguri	Baikuntpur	2,609

BOUNDARIES

North —A demarcated line joining the Tista River and Buri Tista or Sidabari nadi, then this nadi for about 1 8 miles, then a demarcated line east, crossing the Begdubra Jhora and Gazlduba-Jalpaiguri Road, then running parallel to this road for ¼ mile, then again running west and recrossing the road to the Gazlduba nadi

East —A demarcated line, starting from pillar No 274 on the boundary where it crosses the Gazlduba nadi, first, in an easterly and then in a southerly direction for about two miles till it again meets the boundary at pillar No 133, then round the Sidabari jote till it crosses the Apalchand nadi

South.—The Apalchand nadi

West —The Tista river

Brief description —A narrow strip of riparian forest, running along the east bank of the Tista river, lying mainly between that river on the west and the Buri Tista and Apalchand nadis on the east The forest contains mainly *khair*, *sissu* and mixed species of trees, a considerable quantity of grass land and a few *sál* trees on the east It is chiefly of value on account of the grazing near the Tista

Reasons for disforestation —It has been held that the greater part, viz, 2,159 acres of this area, lies within the Baikuntpur estate according to the boundary of that estate as laid down by the Department of Survey of India in 1903 A few small acres outside this boundary line have been disforested, as they are too scattered and contain too few trees of sufficient value to be worth retaining as Reserved Forest

No 2586T R —The 24th August 1905 —Under section 3 (17) of the Bengal Tenancy Act, VIII of 1885, as amended by Act III (B C) of 1898, the Lieutenant-Governor is pleased to authorise Maulvi Mahamad Chainuddin, M A, Sub-Deputy Collector, to discharge the functions of a Revenue Officer in the districts of Murshidabad, Birbhum and Burdwan under the provisions of that Act, so far as they relate to Revenue Officers

Birbhum
Burdwan

2 He is also vested with the powers of a Settlement Officer under Rule 1, Chapter VI of the Rules under the Bengal Tenancy Act

No 2555T R —The 25th August 1905 —Mr. P M Robertson, substantive *pro tempore* Deputy Collector, at present employed as an Assistant Settlement Officer in the district of the Sonthal Parganas, is allowed privilege leave, under article 260 of the Civil Service Regulations, for one month, with effect from the 29th July 1905.

Sonthal Parganas

No 2446L R — The 29th August 1905.—The conditions under which Government will make loans to Co-operative Credit Societies are hereby published for general information —

Amount of advance

1. (*1*) The maximum advance that may be made to any Society is Rs 2,000

(*2*) The amount advanced to any Society shall not exceed the amount of capital subscribed by the members.

Interest on advances

2 All advances to any Society shall be free of interest for three years after the date of the registration of the Society under the Co-operative Credit Societies Act, 1904, and shall, subject to the provisions of rule 9 (*1*), bear interest at 4 *per cent per annum* after the expiry of that period

Application for an advance

3 (*1*) A Society requiring an advance shall submit to the Registrar, through the Collector, an application in Form A annexed to these rules

(*2*) In forwarding any such application, the Collector shall certify whether or not the statements therein contained are supported by the Society's accounts.

Power to sanction advances and prescribe instalments for repayment

4 The Registrar may sanction the payment of advances from any treasury or sub-treasury, and may prescribe the number of instalments of repayment and the dates on which each instalment is to be repaid

Provided that, without the special sanction of the Local Government, the number of annual instalments prescribed shall not exceed twenty

Order sanctioning advance

5 (*1*) If the Registrar sanctions an advance, his sanction shall be conveyed in an order in Form B annexed to these rules

(*2*) The Registrar shall send the original order to the Society, a duplicate copy through the Accountant-General for issue of order of payment to the treasury or sub-treasury concerned, and a triplicate copy to the Collector.

Payment of advance

6 (*1*) Payment of any advance so sanctioned shall be made, to the persons authorized to receive the advance on behalf of the Society, on their producing the Registrar's order at the treasury or sub-treasury named therein, and executing an agreement in duplicate in Form C annexed to these rules

Provided that, when application for payment is made at a sub-treasury, the Officer in charge of the sub-treasury shall forward the agreement, together with a copy of the order of sanction, to the Treasury Officer of the district for scrutiny and countersignature before payment

(*2*) When payment of an advance has been made, the original agreement shall be filed in the Revenue Department of the Collectorate at which repayment is to be made, and the copy forwarded to the Registrar

Power to suspend repayment of instalment.

7 (*1*) The Registrar may, if sufficient cause is shown, and if all interest due has been paid, suspend the repayment of any instalment

(*2*) Whenever the Registrar makes an order of suspension, he shall forthwith send a copy thereof to the Treasury Officer of the district and to the Accountant-General

THE following Rule passed by the High Court of Judicature at Fort William in Bengal is published for general information.

By order of the High Court,

A. P. MUDDIMAN,

Registrar.

HIGH COURT OF JUDICATURE AT FORT WILLIAM IN BENGAL.

(CIVIL APPELLATE JURISDICTION.)

IT is ordered that Rule II, Part III, Chapter XIV, page 91 of "The Rules of the High Court, Calcutta, Appellate Side," published in Part I, pages 1523 *et seq* of the *Calcutta Gazette* of the 19th November 1902, be amended by substituting in the concluding portion of the said Rule the words "his authorized fees and charges" for the words "the proper fees, viz., 2 rupees for each person to be served."

The 22nd August 1905.

HIGH COURT—ORIGINAL SIDE.

NOTIFICATION

The 24th August 1905.

THE Hon'ble the Chief Justice of the High Court of Judicature at Fort William in Bengal has appointed Howard Rumney, Esq., of Nos 17 and 18 Basinghall Street, in the City of London, Solicitor, a Commissioner within all parts of England to take affidavits or affirmations or declarations in all suits, matters and proceedings in the Calcutta High Court and also the acknowledgments of married women in respect of property in India.

By order,

W. R. FINK,

Registrar.

NOTIFICATION

The 24th August 1905.

THE Hon'ble the Chief Justice of the High Court of Judicature at Fort William in Bengal has appointed Frank Brinsley Harper, Esq., a member of the firm of Lumley and Lumley, of Old Jewry Chambers, in the City of London, Solicitor, a Commissioner within all parts of England to take affidavits or affirmations or declarations in all suits, matters and proceedings in the Calcutta High Court and also the acknowledgments of married women in respect of property in India

By order,
W. R. FINK,
Registrar.

IT is ordered that the following Rules be read and passed as the Rules and Orders of the High Court of Judicature at Fort William in Bengal in its Original Jurisdiction, to take effect from the first day of September 1905 —

513C—That Rule 10, Belchambers' Rules and Orders, be amended by striking out the words "Chief Clerk" and inserting in lieu thereof the words "Master or Deputy Registrar,"

that Rule 11, Belchambers' Rules and Orders, be amended by striking out the words "Chief Clerk" and inserting in lieu thereof the words "Master, Deputy Registrar,"

that Rule 16, Belchambers' Rules and Orders, be amended by striking out the words "Chief Clerk" and inserting in lieu thereof the words "Deputy Registrar" and by altering the words "Assistant Registrar or other officer" to the words "Assistant Registrars or other officers,"

that Rule 19, Belchambers' Rules and Orders, be amended by adding the words "Registrar or" before the word "Master" where the said word "Master" occurs in line 2 and in line 6 and by striking out the words "the Master" in line 13 and inserting in lieu thereof the words "a Judge," and by striking out the words "in Equity" in line 20 and inserting the words "Registrar or" before the word "Master" and by striking out the words "for want of any other proper person who is willing to undertake any such duty" in lines 8, 9 and 10, and by striking out the word "name" in line 10 and inserting in lieu thereof the word "appoint" and by striking out the word "officer" in line 11 and inserting in lieu thereof the words "Receiver of the Court" and by striking out the words "who shall have been nominated by the Court" in lines 11 and 12 and by striking out the word "estates" and inserting in lieu thereof the words "any estate and property," and by striking out the word "officer" in line 12 and inserting in lieu thereof the words "Receiver of the Court," and by striking out the word "ought" in line 15 and inserting in lieu thereof the words "is required," and by striking out the words "Accountant-General and Sub-Treasurer of the Company" in lines 18 and 19, and in lieu thereof inserting the words "Comptroller-General of Accounts for the time being of the Government of India and the Secretary and Treasurer for the time being of the Bank of Bengal," and by striking out the words "by the 197th Rule" in line 22 and by striking out the words "once in the year" in line 15,

that Rule 21, Belchambers' Rules and Orders, be amended by striking out the words "the Master" in lines 6, 7, 12 and 19, and inserting in lieu thereof the words "a Judge" in line 6 and the words "the Judge" in lines 7, 12 and 19 and by striking out the last four lines of the said Rule from the words "And the Master" to the words "paid in their balances" and by striking out the words "except in cases where the officer of the Court is appointed the Receiver as mentioned in the 193rd Rule" in lines 1, 2 and 3, and by striking out the words "once in every year" in lines 6 and 7, and by adding after the word "oath" in line 6 the words "half-yearly" and by striking out the word "annual" in line 9 and inserting in lieu thereof the words "the half-yearly" and by striking out the word "annual" in line 18 and inserting in lieu thereof the words "half yearly,"

that Rule 455, Belchambers' Rules and Orders, be amended by striking out the words "Chief Clerk" and inserting in lieu thereof the words "Master, Deputy Registrar,"

that Rule 529, Belchambers' Rules and Orders, be amended by adding thereto the words "or by the Master,"

that Rule 531, Belchambers' Rules and Orders, be amended by inserting after the word "Registrar" the words "or Master," and

that Rule 20, Belchambers' Rules and Orders, be repealed and the following Rule be passed in substitution therefor —

> In every order directing the appointment of a Receiver of immoveable property, there shall be inserted a direction that the Receiver shall have all powers provided for in section 503, clause (*d*) of the Code of Civil Procedure, except that he shall not without the leave of the Court (1) grant leases for a term exceeding three years, or (2) bring suits in a District Judge's Court or a Subordinate Judge's Court except suits for rent, or (3) institute an appeal in any Court (except from a decree in a rent-suit) when the value of appeal is over Rs 1,000, or (4) expend on the repairs of any property in any period of two years more than half of the nett annual rental of the property to be repaired, such rental being calculated at the amount at which the property to be repaired would let when in a fair state of repair

The said rules as amended are as follows —

Rule 10 —All writs, orders, summonses and other judicial process, issued or made in the exercise of the Ordinary Original Civil Jurisdiction of this Court, shall be signed by the Prothonotary, Registrar, Master or Deputy Registrar of the Court and sealed with the seal of the Court, but the Sealer shall not affix the seal to any writ of *habeas corpus* or injunction, unless the same shall be countersigned by a Judge of the Court

Rule 11 —The seal may be affixed on the authority of the signature of the Registrar, Prothonotary, Master, Deputy Registrar, or Sealer, to all writs, orders summonses and other judicial process, issued or made in the exercise of the Original Jurisdiction of this Court, or on appeal from the Original Jurisdiction, in the same manner as the same is now affixed on the signature of the Sealer

Rule 16 —The office copies of depositions of witnesses, which are furnished by the Court to parties for the purposes of appeals pending or about to be instituted, being usually very inaccurate and frequently unintelligible, it is ordered that, in future, the Deputy Registrar, Assistant Registrars or other officers by whom any depositions may have been taken down, of which an office copy is required for the purposes of an appeal, shall himself settle and be responsible for the accuracy and legibility of one fair copy of the deposition; and all office copies shall be made from the fair copy so settled

Rule 19 —In all cases in which it shall be referred to the Registrar or Master to enquire and report who is a fit and proper person to be the Receiver of any estate and property or guardian of the property of any infant, or manager of any estate or property, for the purpose of giving effect to any charitable bequest, the Registrar or Master shall also enquire and report what will be a proper commission or salary to be allowed And whenever it shall become necessary to appoint the Receiver of the Court to be Receiver of any estate and property the said Receiver of this Court shall pass his accounts half-yearly before a Judge in such manner as any other Receiver, Manager, or guardian is required to do, and in like manner as other Receivers are required to do upon passing their accounts, he shall pay all monies into the hands of the Comptroller-General of Accounts for the time being of the Government of India and the Secretary and Treasurer for the time being of the Bank of Bengal with the privity of the Accountant General of this Court, and the Registrar or Master is required to report any default of the officer in these respects in like manner as he is required to report the default of other Receivers

Rule 21 —All receivers of estates, and committees of the estates of idiots, lunatics, and managers of any estate or property for the purpose of giving effect to any charitable bequest, shall pass their accounts upon oath half-yearly before a Judge, but the Judge shall be at liberty, upon the appointment of any such receiver, committee, or manager, at any time subsequent thereto, in the place of the half-yearly periods for the passing of such accounts, to fix either longer or shorter periods at his discretion And the Judge shall, upon the passing of such accounts, fix the days on which such receiver, committee, and manager shall pay the balances appearing due on their accounts into Court And with respect to such receiver, committee, or managers, as shall neglect to pass their accounts or to pay the balances thereof at the ordinary half-yearly periods, or at such other period as shall be by virtue of this rule fixed for that purpose, the Judge shall, from time to time, when their subsequent accounts are produced to be examined and passed, not only disallow the commission or salaries therein claimed by such receivers, committees, or managers, but also charge interest at six per cent per annum upon the balances so neglected to be paid by them during the time the same shall appear to have remained in their hands respectively

Rule 45D —In case of the temporary absence of the Registrar, the Master, Deputy Registrar, or other qualified officer may be authorized by the Chief Justice to perform the duties usually performed by the Registrar, whether in connection with sales or otherwise

Rule 529 —The issuing of (*a*) summonses as to chamber applications and (*b*) summonses to witnesses shall be deemed to be non-judicial acts within the meaning of section 637 of the Code, and such acts, unless otherwise ordered by the Court or a Judge, shall be done by the Registrar, Original Jurisdiction, or by the Master

Rule 531.—Any acts done by the Registrar or Master under these rules may be modified or disallowed by the sitting Judge in chambers, and any such act shall, at the request of either party, be referred to such Judge

---

IT is ordered that the following Rules be read and passed as the Rules and Orders of the High Court of Judicature at Fort William in Bengal in its Original Jurisdiction to take effect from the 20th day of November 1905 —

294A —For the purpose of interlocutory applications in Court prior to the hearing, every suit shall be marked with the name of one of the Judges, for the time being, to be ascertained by order of rotation, and for such purposes only shall be assigned to that Judge, but so that it shall be lawful at any time for the Chief Justice to transfer all or any number of suits from any one Judge to another All interlocutory applications in a suit shall be made to the Judge to whom the suit has been assigned or transferred.

294B.—* * * * * * * *

* * if the Judge to whom the suit is assigned as aforesaid is absent or not sitting on the Original Side any motion therein, if urgent, may be made before any other Judge sitting on the Original Side.

294C—When the Judge of any of the Courts is holding the Criminal Sessions, or is absent from any cause, motions in suits standing for hearing in his Court, if urgent, may be made in any other Court on the Original Side

515A—All applications of the description specified hereunder shall be made to the Registrar or Master whose orders thereon shall be final; provided that the Registrar or Master shall refer any such application to be heard and determined by a Judge in chambers, upon its appearing either that both parties so desire and their consent is endorsed upon the summons or that one of the parties or, in the case of uncontested applications, that the applicant so desires and the Registrar or Master is satisfied that the matter is a fit and proper one, by reason of its importance or difficulty or novelty or by the reason of the order to be made thereon being appealable, to be referred to a Judge in chambers All acts done by the Registrar or Master under this Rule shall be deemed *quasi*-judicial acts within the meaning of section 637 of the Code of Civil Procedure

515B—All applications referred to a Judge in chambers under the last preceding Rule shall be made to the Judge on a day to be endorsed by the Registrar or Master on the summons or petition—

38 Applications for order for issue of citation to any person to bring any testamentary document or other paper into Court

39 Such other matters as are not expressly required to be disposed of in Court

515C—In the case of an order permitting the withdrawal of a suit, appeal, or matter, the Registrar or Master shall, unless the parties otherwise agree, insert in the order a direction that the plaintiff is to pay to every defendant, or respondent who has filed a written statement, or a memorandum of appearance, his costs of the suit, appeal, or matter, when taxed

515D—Unless the Court or a Judge otherwise orders (or the Registrar or Master otherwise directs) the costs of all orders passed by, and of all proceedings before, the Registrar or Master shall be costs in the cause

515E—If it is necessary to enforce payment of costs under a direction of the Registrar or Master, an order for that purpose must be obtained from a Judge sitting in chambers Applications for such order may be made, without notice, by petition supported by a certificate of the officer whose direction is sought to be enforced

515F—All orders made by the Registrar shall be drawn up and signed by the Registrar, and all orders made by the Master shall be drawn up and signed by the Master.

* *513*—For the more convenient despatch of the business of the Court the Registrar or the Master will every day, unless notice to the contrary be previously given, sit to dispose of applications which are of course (as specified in Rule 515A) or of such a nature as not to require legal argument or examination of witnesses except in support of an application to sue as a pauper In the event of the absence of both the Registrar and the Master such applications, if of an urgent nature, may be made to the sitting Judge in chambers

Applications and matters which do not fall within this description will not be taken in chambers, and in particular applications or matters of the following kind will not be taken by the Judge in chambers or by the Registrar or Master—

(1) The trial of any suit or the settlement of issues

(2) The examination of witnesses, whether in a pending suit or proceeding before the hearing, or under a commission or mandamus to the Court.

(3) A motion for, or to dissolve, an injunction for a stay of proceedings, or for affecting in any other way the status of a suit, not being undefended which is already on the Peremptory Board of the day for hearing, for the appointment of a Receiver, for the attachment before judgment of either the person or property of a defendant, to vary a decree or to vary or discharge an order, or a certificate or report, also all cases in which cause is shown against an application of the foregoing class

(4) An application to take a plaint off the file

(5) An application for an order to wind up a company, and any proceeding subsequent thereto in the matter of the winding up, except—

(*a*) for leave (under Rule 4 of the Rules made pursuant to the Indian Companies Act) for a person other than a petitioner to verify the petition,

(*b*) for an order (under Rule 7 of the said Rules) to proceed with the winding up and fixing a time for the appointment of an Official Liquidator,

(*c*) for directions under Rules 9, 14, 20, 33 and 50 of the said Rules

(6) Any step or proceeding in Lunacy.

(7) An application to take money out of Court, except where it has been realized in execution

(8) An argument upon a special case

(9) An application for review

513A—One Judge will, on dates to be notified, sit in chambers to dispose of applications which may have been referred by the Registrar or Master to a Judge in chambers and of applications or matters which do not fall within the description of those specified in Rule 515A

513B—In any case in which the signature of the Judge who has made an order in chambers cannot be obtained by reason of his absence or other cause, such order may be signed on his behalf by any other Judge, adding thereto the date of signing.

* NOTE.—This Rule is substituted for Rule 513, Belchambers' Rules and Orders.

269A.—Notice requiring the production of documents under section 131, Civil Procedure Code, shall be in the following form with such variations as the circumstances of the case may require:—

Attorney for the Defendant (or Plaintiff).

269B. Two copies of every such notice shall be delivered to the Registrar, who, on being satisfied that the case is not likely to come on for hearing within the next ten days, shall file one of such copies, and shall deliver the other copy for service to the Attorney of the party tendering the notice, or if there be no Attorney, then to the Sheriff, after adding at foot thereof his signature and official designation after the words—

"Let this be served by the Plaintiff's Attorney (or the Defendant's Attorney, or the Sheriff, as the case may be).

By order of the Court."

269C. On the copy of the notice filed under the last preceding Rule shall be endorsed the date on which it was filed and also the date on which the other copy was delivered out for service.

269D. Any party may, by notice in writing, at any time not later than ten days before the day for which the hearing has been fixed, call on any other party to admit, for the purposes of the suit, matter, or issue only, any specific fact or facts mentioned in such notice. And in the case of refusal or neglect to admit the same within six days after service of such notice, or within such further time as may be allowed by the Court or a Judge, the costs of proving such fact or facts shall be paid by the party so neglecting or refusing, whatever the result of the suit, matter or issue may be, unless at the hearing the Court or a Judge certify that the refusal to admit was reasonable, or unless the Court or a Judge shall at any time otherwise order or direct. Provided that any admission made in pursuance of such notice is to be deemed to be made only for the purposes of the particular suit, matter or issue, and not as an admission to be used against the party on any other occasion or in favour of any person other than the party giving the notice. Provided also that the Judge may at any time allow any party to amend or withdraw any admission so made on such terms as may be just.

269E. Notice to admit facts shall be in the Form No. 269E (1), and such admissions of facts shall be in the Form No. 269E (2) with such variations as circumstances may require.

269G A party may at any stage of a suit or matter, where admissions of fact have been made either on the pleadings or otherwise, apply to the Court or a Judge on motion for such decree or order as upon such admissions he may be entitled to, without waiting for the determination of any other question between the parties, and the Court or a Judge may upon such application make such order, or upon the suit or matter being set down for hearing in the Peremptory List of Causes pass such decree as the Court or Judge may think just

A 502 Except where according to the existing practice any order may be made *ex parte* absolute in the first instance and except where a motion or application may be made for a rule *nisi* or order to show cause only, no motion shall be made without previous notice to the parties affected thereby

502 (a) When a rule *nisi* or order to show cause is granted by the Court a day shall be fixed for the hearing thereof, and the Rule shall, unless the Court or a Judge shall otherwise specially order, be served at least four clear days before the day fixed for the hearing. The Rule, together with the affidavit or affidavits of service thereof shall be filed in the Registrar's office immediately after service

Affidavits in answer shall be filed in the Registrar's office not later than 4 o'clock on the day preceding the day fixed for the hearing.

504 (a) Every notice of motion and every Rule issued by the Court shall be entered by the Registrar in a list for hearing on the day for which such notice is given or Rule is made returnable (being a day appointed for the hearing of motions), and shall be called on in its order in the list. If, when the motion or rule is called on, neither party appears, the motion or rule shall be passed over until the list has been gone through The motions and rules passed over shall then be called on a second time in their order If neither party appears to a motion or rule so called on it shall be dismissed

504 (b) If the opposite party does not appear at the hearing of a motion or rule, the Registrar shall not draw up the order thereon unless it shall appear in the officer's note of the application that service of the notice of motion or rule has been proved to the satisfaction of the Court or Judge hearing the motion or rule

504 (c) If the party giving notice or obtaining the Rule does not appear, but the opposite party does appear, the Court may dismiss the motion or Rule or make such other order as to the Court may seem fit

504 (d) If a Rule or notice of motion is not entered in the list owing to non-compliance with the provisions of Rule 502 (a) as to the filing of the Rule and affidavit or affidavits of service, or owing to non-compliance with the provisions of Rule 504, as to the filing of the affidavits and grounds of the party moving, the Court may, on the application of any party who has been duly served with such Rule or notice and who appears to show cause or oppose, make such order as to the costs of his appearance and the entering in the list and the hearing of the rule or motion as to the Court may seem fit

504. (e) No adjournment of a motion or Rule in the List shall be granted except upon affidavit showing sufficient grounds for such adjournment provided that the Court may, on the first day of hearing of a motion or Rule, grant an adjournment (for the convenience of Counsel) if all parties consent thereto, and no grounds further than the statement of Counsel shall in such case be required

A motion or Rule so adjourned shall be marked "adjourned," and shall take precedence of other motions and Rules on the List which are not so marked

646 (a) All proceedings under the Guardians and Wards Act, 1890, in these Rules, called "the said Act," shall be entitled in the matter of the minor

(b) An application for the appointment of a guardian, or for a declaration that a person is the guardian of a minor, shall be by original petition

(c) The application shall, in addition to the particulars required by section 10 of the said Act, state whether the minor is entitled to any property absolutely, or subject to the rights or interests of any other person, and whether any property is subject to any and what incumbrances, and shall specify all persons of the same degree of relationship as, or of nearer degree than the proposed guardian, and where a female is proposed as guardian, the nearest male relation of the minor.

(d) Where the father of the minor is living, and is not proposed as guardian, the application shall also state any facts relied on as showing that he is unfit to act as guardian of the minor, or that he consents to the application

(e) Where it is proposed to deal with any property of the minor in manner mentioned in section 29 of the said Act, the grounds of the application, and the relief prayed, shall be stated shortly in the original petition, and it shall not be necessary to present a separate petition or application

(f) The declaration of the willingness of the proposed guardian to act may be written at the foot of, or annexed to, or exhibited with, the petition

(g) Notice of the application shall be issued and served in manner prescribed for summons to a defendant The Court may also direct the petitioner to publish the notice in such Newspaper or Newspapers as it thinks fit, and *shall* direct such publication in any case in which the petitioner is not a relation of the minor

(h) Unless the Court otherwise orders, a person appointed, or declared to be, guardian of the property of the minor shall give security, in the bond of himself and two or more sureties, for the amount or value of the moveable property, and of the annual rents, profits, or other income of the moveable and immoveable property, to be received or accounted for by the guardian, and shall furnish the statement of the property and debts mentioned in sub-section (b) of section 34 of the said Act, and shall pass his accounts once in every year

(i) If the Court think fit to appoint a guardian without giving security unless otherwise ordered, the order shall direct that an undertaking shall be given by the guardian to furnish the statement above mentioned, and to keep a full and correct account of all monies and property of the minor received or expended by the guardian on his behalf, and to file and prove the same in Court, whenever so required

(j) At the hearing, the Court may determine the amount to be allowed for the maintenance and education of the minor, and the amount, if any, to be allowed to the guardian as his remuneration, and may also give any special directions as to the power to be exercised by the guardian

(k) If any person is entitled to maintenance out of the property or to reside in any house of the minor, the Court may fix the amount to be paid to such person for maintenance, or in respect of maintenance and residence, or give such directions with respect thereto as it thinks fit

9A The officers of the Court shall not receive any pleading, petition, affidavit or like document on the file (except original exhibits), unless the same shall be fairly and legibly transcribed on durable paper, foolscap size, and all office copies shall be transcribed in like manner

26A An Attorney or a party in person shall, as soon as practicable, send to the Translator's Office for translation any vernacular documents on which he may rely If he fail to do so or send the same so late that the translation is not ready for use when the case is called on, the Court or Judge may disallow the costs of such translation

26B Whenever an Attorney or a party in person sends any documents for translation, he shall, so far as he can, state in the *præcipe* the probable date of the hearing of the suit or matter in which the translation is to be used

26C No vernacular document shall be accepted in evidence unless officially translated, except that private translations may be accepted subject to official translation, if good and

satisfactory reason is given why the document was not lodged in the Translator's Department in time for translation

26D Translations of documents in the French, German, or other foreign language shall be made by special translators (if any) appointed by the Court Applications for such translations shall be made to the Registrar, who shall forward them to the said special translators.

26E Where translation of a document or entry or entries in the vernacular in the possession of one party is required by the other party for the hearing of the suit, the former on the application of the latter, shall immediately send the originals to the Translator's Department for translation, or allow the latter to take copies thereof, and after examination of such copies without any delay certify them to be correct copies Translations of such certified copies shall be admissible at the hearing In dealing with the costs of the suit the Court or a Judge shall have regard to any failure to comply with the provisions of this Rule

26F The Registrar on good cause being shown, may sanction the immediate translation of any documents on payment of double the usual fee

26G. An Attorney who shall obtain a translation of any document to be used for the purposes of a suit or matter shall, if required, furnish a copy of such translation to the opposite party or his Attorney on payment of half the translation charges

26H The Court or a Judge may, at any time, require a party to the suit or matter to produce and leave in the Translator's office any document not in the English language in his possession for the purpose of being officially translated, and may order that the translation when made shall be filed with the proceedings in the suit

51A Any Judge of the High Court may, subject to any rules of Court, exercise in Court or in chambers all or any part of the jurisdiction vested in the High Court on its Original Side

142A. An Attorney, when he has taxed his bill of costs against his client, may apply in chambers on summons for an order against his client or the legal representatives of such client for payment of the sum allowed on taxation or such sum as may then remain due The Judge on hearing the summons may make such order or refer the parties to a suit Such order if made may be executed under Chapter XIX of the Code of Civil Procedure as a decree for money

238A The Judge to whom the plaint is presented may, if he shall think fit, require a translation of any document not in the English language to be filed with the plaint * * * * * * * * such translation must be official, and the non-delivery thereof when required shall have the same effect as if the original document had not been produced.

308A When an order has been made giving leave to defend a suit filed under Chapter XXXIX of the Code of Civil Procedure, if the defendant does not file the order granting leave to defend and complete his security (if any) within the time limited in the order, the plaintiff shall be at liberty to put the suit down for hearing forthwith as if no such order has been made

492A. In the event of the appellant failing to apply for, take out and deliver to the Sheriff the notice of appeal for service on the respondent within 14 days from the filing of the appeal, the Registrar may set down the appeal before the Court of appeal, if then sitting, or if not sitting, before the Senior Judge sitting on the Original Side, for dismissal

619A When a suit is brought on behalf of a minor, the next friend shall make an affidavit, to be presented to the Judge with the plaint in the suit, that he has no interest, directly or indirectly, adverse to that of the minor, and that he is otherwise a fit and proper person to act as such next friend The age of the minor shall also be stated No order appointing the next friend by whom the suit is to be instituted will be drawn up

739A No proceedings filed in Court shall be produced in Courts other than the High Court without the order of the Judge in chambers, and no original will filed in Court shall be produced in any place beyond the limits of the High Court except in the custody of one of the Registrar's clerks and under a like order

168A Where a plaint or a written statement has been drafted or settled by an Advocate or an Attorney his name shall appear at the foot thereof, but for the purposes of this rule no pleadings shall be deemed to be drawn or settled by an Advocate if subsequently altered without his consent

168B When the Advocate General is a party to a suit in his official capacity he shall be named and described in the pleadings by his official title only Before the name of any person shall be used in any suit as relator such person shall sign a written authority to the Attorneys for that purpose, and such authority shall be filed in the Registrar's office.

NEW MEMBERS.

The Hon'ble MESSRS. GORDON AND ALLEN took their seats in Council.

QUESTIONS AND ANSWERS.

ALTERATIONS IN DALHOUSIE SQUARE

The Hon'ble BABU BHUPENDRA NATH BASU asked :—

Will the Government be pleased to lay on the table the scheme of the proposed alterations in the Dalhousie Square, and state within what time such alterations are likely to be completed ?

The Hon'ble MR. INGLIS replied —

"The plan is laid on the table. It is expected that the alterations will be completed before the end of November."

WATER-SUPPLY IN CALCUTTA

The Hon'ble BABU BHUPENDRA NATH BASU asked —

(*a*) Has the attention of the Government been called to the insufficient supply of filtered water in Calcutta?

(*b*) Is it a fact that, in the area under the so-called continuous system of water-supply in Calcutta, there is no water available during seven hours of the day, specially at midday? What was the pressure from 10 A.M. to 3 P.M and from 5 P M to 7 P M. for the last three months ?

(*c*) Is it a fact that in the so-called continuous supply area the full statutory pressure of 40 feet is maintained at night, when water is not wanted and very little used? If not, what is the pressure at night ?

(*d*) Will the Government be pleased to inquire from the Municipal authorities of Calcutta, and publish for general information, the cost in fuel and labour incurred for the supply of water at night, as compared with the cost during day-time, for the continuous supply area, for the year 1904-05?

(*e*) If the Corporation of Calcutta can fulfil its statutory obligation to maintain at a pressure of 40 feet a continuous supply of filtered water in Calcutta with the present pressures during the day, is it necessary to maintain the statutory pressure at night?

(*f*) Has the attention of the Government been called to the failure of the supply of unfiltered water in Calcutta ?

(*g*) Will the Government be pleased to inquire and state the pressure maintained for the unfiltered water-supply during the last six months, month by month ?

(*h*) Will the Government be pleased to ascertain and state the number of privies in Calcutta connected with the unfiltered water-supply for flushing purposes ?

(*i*) Is the Government aware that, owing to the failure of unfiltered water, most of these privies, especially those in upper storey of houses, have remained unflushed, or practically so?

(*j*) Is the Government aware that, notwithstanding its inability to supply unfiltered water, the Corporation of Calcutta is vigorously enforcing on the people the conversion of service into connected privies? Will the Government be pleased to ascertain and state the number of notices which the Corporation has issued for this purpose ? Does the Government think that, until a more adequate supply of water is secured for flushing purposes, it is either desirable or safe to insist on the people converting service into connected privies?

(k) Is the Government aware that the Corporation is issuing and realizing a very large number of bills for the use of filtered water by the people in excess of the quantity covered by their water-rate?

(l) Will the Government be pleased to ascertain if complaints have not been made to the Corporation that the meters used by the Corporation are very unsatisfactory, and that, whenever they have been checked, they have given discrepant results? Will the Government, for the protection of the people of Calcutta, be pleased to take the opinion of properly qualified men outside the Corporation as regards the reliability of these meters?

(m) Having regard to the fact that, under section 248 of the Calcutta Municipal Act, the Corporation of Calcutta is bound to supply filtered water, together with a sufficient supply of unfiltered water, for washing and flushing drains and privies, and the failure of the Corporation to do the latter, and the consequent enforced use by the people of filtered water for washing and flushing purposes, does the Government think the Corporation is justified in issuing extra bills for the use of filtered water by owners and occupiers of houses, in excess of the quantity allowed by law?

(n) Is the Government aware that the reported supply of filtered water in Calcutta is only 24 22 gallons per head of the population, not allowing for the enormous wastage which goes on in the mains and reservoirs, and which is admittedly not less than 30 *per cent*, while London has a supply of 33⅓ gallons per head, Glasgow, 40 gallons, New York, 79, Boston, 80, Chicago, 138, and Washington, 176 gallons per head?

(o) Is the Government aware that, while outside Municipalities, who have contributed nothing towards the cost of the water-works in Calcutta, get their supply at 4,000 gallons for a rupee, the rate-payers of Calcutta are charged at 3,000 gallons for a rupee for the use of the excess water?

The Hon'ble MR. GAIT replied —

"(a) Government has noticed complaints in the Press about the filtered water-supply in Calcutta

"(b) It is not a fact that in the area under the continuous system of water-supply there is no water available during 7 hours of the day In the greater part of this area, the supply during the day is good There are, however, certain places where there is little or no water in the middle of the day, owing to local defects which are now being remedied. It is impossible to answer the second part of this question, unless particular areas are specified The pressure is automatically recorded in different parts of the town and can be ascertained at any time.

"(c) This was formerly the case, but under orders of the acting Chairman pumping at night was temporarily suspended, it will shortly be resumed

"(d) This information cannot easily be given, but it is known that the extra expense has hitherto been small. The engines at Talla would in any case have to be kept running to pump the water into the reservoirs at the other three filtered-water pumping stations. Moreover the pressure at night must be kept up, in order to search for leaks and generally to bring the mains and fittings into order for the continuous supply.

"(e) Under existing conditions, and until the water-works system of Calcutta is thoroughly re-modelled, it is impossible to maintain a pressure of 40 feet everywhere during the whole of the 24 hours. It is necessary to maintain pressure at night for the reasons given in the answer to the previous question.

"(*f*) Some complaints have been noticed.

"(*g*) The pressure of the unfiltered water-supply is automatically recorded in the two pumping stations, the maximum is about 110 feet at both stations. It would take some time to work out the average pressure month by month.

"(*h*) On the 31st March, 1905, the number was 9,481.

"(*i*) These privies are ordinarily flushed with regularity; but there have been occasions, owing to defects and accidents, when sufficient pressure has not been maintained for short periods.

"(*j*) It is not the case that the Corporation of Calcutta is now vigorously enforcing on the people the conversion of service into connected privies. On the contrary, so far back as June, 1904, the Chairman stopped the issue of notices to connect privies, except in streets where he was satisfied that a sufficient pressure of unfiltered water is ordinarily maintained The number of such notices issued in 1904-05 was 581.

"(*k*) About 500 bills are issued quarterly, for excess consumption of filtered water.

"(*l*) Not more than half a dozen complaints regarding the meters have been received during the past two years. In these cases the Corporation offered to have the meter checked in the presence of the complainant on payment of a fee of Rs. 5 (*vide* section 274 of the Act) to be returned if it is found to be more than two *per cent.* in error against the consumer. Every meter is checked before being fixed. The meters in use in Calcutta are of a make which is very common in the United Kingdom and America, where they are found to give satisfaction.

"(*m*) This question asks, not for information, but for an expression of opinion.

"(*n*) Government is aware that the reported supply of filtered water in Calcutta is 24·22 gallons per head per day for the population. It is not admitted that anything like 30 *per cent.* of this amount is wasted on account of leaks in mains and reservoirs. In addition to the above quantity of filtered water, about 22 gallons per head per day of unfiltered water is supplied. The total supply is thus greater than that in London and Glasgow according to the figures given in the question

"(*o*) Yes

"Most of the above questions might more suitably have been addressed to the Chairman of the Calcutta Corporation at a meeting of that body. It was therefore with some hesitation that Government decided to call upon the Corporation to supply the required information."

CONSERVANCY IN THE NORTHERN DIVISION OF CALCUTTA

The Hon'ble BABU BHUPENDRA NATH BASU asked —

(*a*) Has the attention of the Government been drawn to the state of the conservancy in the Northern Division of Calcutta, and to the statement of the Chairman of the Corporation at its meeting of the 24th May, 1905, "that it was with much regret that he admitted the fact" that the conservancy arrangements for this Division were extremely unsatisfactory and had failed?

(*b*) Will the Government be pleased to inquire and state what steps have been taken by the Corporation to improve the conservancy of the Northern Division?

(c) Has the attention of the Government been called to the expense of furnishing the meeting room of the Corporation? Will the Government be pleased to state the amount? Is it a fact that the chair provided for the Chairman has cost Rs. 1,500?

(d) Is the Government aware of the state of the roads in the Northern part of the town, and that they cannot be kept in sufficient repair for want of funds?

The Hon'ble MR. GAIT replied —

"(a) and (b) The proceedings of all the Meetings of the Calcutta Corporation are submitted for the information of Government The attention of the Hon'ble Member is invited to the information given by the Chairman of the Corporation regarding the conservancy arrangements in the Northern Division of the town at the Meeting of the Municipal Commissioners held on the 5th ultimo.

"(c) The Chairman reports that the cost of the furniture and equipment of the Council Chamber was Rs. 16,666. The Chairman's chair cost Rs 410

"(d) The Chairman reports that, with the exception of the main thoroughfares, the roads in the Northern part of the town are not generally in good repair. Repairs are now in progress. The sum of Rs 1,34,789 has been allotted for District I and Rs. 1,19,421 for District II These figures include special repair grants of Rs 40,000 and Rs. 20,000 made this year to these two Districts"

UNHEALTHY CONDITION OF CERTAIN THANAS IN THE FARIDPUR DISTRICT

The Hon'ble BABU AMBIKA CHARAN MAZUMDAR said —

(a) In July, 1904, in an address presented to the Lieutenant-Governor by the Faridpur Peoples' Association, reference was made to the unhealthy condition of the thanas of Bhushana, Balıakandi and Pangsa, in that district, and to the heavy mortality among men and cattle in these places, owing, as it was said, to the silting up of the river Chandana In reply, His Honour was pleased to promise an inquiry into the matter May I ask if the inquiry has been made, and, if so, with what result?

(b) Is it or is it not a fact that these places have lost heavily in population since 1881, when the river Chandana began to silt up? And will the Government be pleased to lay on the table a statement showing the loss of population from year to year in these three thanas from 1881 to 1904, together with their total area, and, if possible, the area under cultivation in each of them?

The Hon'ble MR GAIT replied :—

"The inquiry promised by His Honour was made by the Executive Engineer, Circular and Eastern Canals Division. His report shows that there is but little hope of opening out the river and bringing in water from the Padma without prohibitively large expenditure, and that, even if this were done, it is doubtful if it would remain open for any length of time. The Padma is constantly changing its course, and it is impossible to foresee its vagaries or to control them.

"It appears that the Chandana began to silt up, not twenty years, but half a century, ago.

"The population of the Bhushana, Baliakandi and Pangsa thanas at each of the last three censuses is shown in the statement which I have laid on the

table. The total population of the three thanas has fallen from 322,850 in 1881 to 294,313 in 1901, but this seems to be due to changes in area. The population per square mile is very much the same now as it was in 1881 The birth and death returns for the last three years show that at present the death-rate greatly exceeds the birth rate The tract is at the present time one of the unhealthiest in Bengal."

Statement referred to in the above reply.

PARTITION OF BENGAL

The Hon'ble BABU AMBIKA CHARAN MAZUMDAR said —

(a) Now that the Resolution for the Partition of Bengal has been issued, will the Government be pleased to publish the papers containing the proposals of the Government of India, and the Despatch of the Secretary of State sanctioning such proposals?

(b) Will the Government be further pleased to state whether this partition will be effected by a Proclamation or a Legislative enactment? And can the Government form any idea as to the probable time when the partition is likely to be effected?

The Hon'ble MR. CARLYLE replied —

"(a) This Government has not been empowered to publish any papers regarding the partition.

"(b) The partition is to be effected by the Government of India, who will also decide as to the means of effecting it This Government is not in a position to state the date fixed for giving effect to the partition."

GUN LICENSES IN BENGAL

The Hon'ble BABU AMBIKA CHARAN MAZUMDAR asked —

(a) Will the Government be pleased to lay on the table a statement showing, district by district, the number of gun licenses issued to the natives of

Bengal during the years 1900-1904, the number of cases in which such licenses have been cancelled or suspended under section 18, and the number of prosecutions started and the convictions obtained under section 19, of the Indian Arms Act, during the same period?

(*b*) Has the Government of Bengal taken any Census of fire-arms under section 32 of the said Act? If so, where and when?

The Hon'ble MR. CARLYLE replied —

"Sir, I lay on the table a statement showing, district by district, for each of the last five years, the number of licenses for firearms issued in Bengal and the number cancelled under section 18 of the Indian Arms Act, 1878. Information as to the number of prosecutions and convictions under section 19 of the Act is not available in the Secretariat.

"No census of firearms has been taken by the Government of Bengal under section 32 of the Act."

SILTING UP OF THE OLD RIVERS AND CHANNELS IN BENGAL

The Hon'ble BABU AMBIKA CHARAN MAZUMDAR asked:—

In view of the gradual silting up of the old rivers and channels in Bengal, and the consequent complaints made regarding increased scarcity of water, insanitation and mortality among the people, will the Government be pleased to appoint a Commission to inquire into the condition of those rivers and channels and the various causes of these complaints, and to report on the means by which it may be possible to remedy them, so as to enable the Government to devise and adopt a systematic plan of action in dealing with these grievances?

The Hon'ble MR INGLIS replied —

"Taking Bengal as a whole, there is no reason to suppose that there has been any deterioration that is any reduction in the capacity of discharge of the rivers. It is the case that in certain parts of Bengal the channels through which the waters of the river Ganges find outlets to the sea now carry less water than formerly and in some instances have almost ceased to be flowing streams.

"It is equally the case that in other parts of Bengal the channels now carry more water than formerly and new channels have formed These changes are due to natural causes which are, for all practical purposes, beyond our control The matter has received the attention of Government for many years. No general remedy has yet been found, and it is extremely doubtful if one ever will be found. It has to be remembered that any attempts to alter the course of nature and to re open channels which have closed or shrunk would, if successful, almost inevitably result in causing channels at present flowing to shrink or close The net result would therefore be only to transfer the existing evils to some other place.

"Improvements in sanitation and in the supply of drinking-water must depend to a large extent on the action of the people themselves, whether as individuals or through their representatives on the District and Local Boards

"In the year 1868 an inquiry was made into the want of drinking-water in the Nadia district The conclusion then come to was that the evil was largely due to the apathy of the zamindars who had neglected to clear the beds of the existing tanks and who had ceased to make new tanks This does not encourage the hope that any practical result would be attained by the appointment of a Commission, but the matter is one of great moment, and the Government does contemplate a special inquiry into it when an officer is available."

PROCESS FEES REALIZED UNDER THE PUBLIC DEMANDS RECOVERY ACT

The Hon'ble BABU AMBIKA CHARAN MAZUMDAR asked —

Will the Government be pleased to furnish a statement shewing the amount of process fees realized under the Public Demands Recovery Act for the purpose of serving notices and enforcement of certificates, the amount actually expended for such purpose, and the balance left, in each district, during the last five years from 1899-1900 to 1903-1904?

The Hon'ble MR. CARLYLE replied —

"The information asked for is not contained in any statements now prepared The preparation of the statement would require a special establishment, and the Lieutenant-Governor does not see any reason to believe that it would be worth the labour and expense involved. His Honour does not therefore think that the expenditure would be justified."

UNIVERSITY NOMINATIONS FOR THE PROVINCIAL CIVIL SERVICE.

The Hon'ble BABU AMBIKA CHARAN MAZUMDAR asked —

Has the attention of the Government been drawn to a paragraph in the *Bengalee* of the 13th July, 1905, regarding the University nominations for the Provincial Civil Service? And will the Government, in view of the manifest hardship pointed out therein, be pleased to include the M A s of 1903 and the B.A.'s and B.Sc.'s of 1904 among the candidates eligible for nomination by the Syndicate for the present year?

The Hon'ble MR CARLYLE replied —

"The Lieutenant-Governor has, since receiving this question, read the paragraph referred to in the *Bengalee* His Honour had previously authorized the Syndicate, when nominating graduates, to report separately the case of students of the previous year whom they consider as specially worthy of notice. He had also proposed, if the Provincial Service cadre is increased, to appoint two or three distinguished M A's of 1903 and B A's of 1904 recommended by the Syndicate B Sc's of 1904 will be considered equally eligible with B.A's. He believes that these arrangements will best meet the requirements of the case."

PARTITION OF BENGAL

The Hon'ble BABU AMBIKA CHARAN MAZUMDAR said —

Speaking at Malda on the 8th instant and referring to the question of Partition of Bengal, His Honour the Lieutenant-Governor is reported to have said —"I have received letters and communications from both Muhammadans and Hindus saying that they strongly feel that the scheme has been devised for the good of the districts concerned" Is the report correct? And, if so, will the Government be pleased to publish the names of the gentlemen who have said so, so that the public may judge for themselves how far these persons were qualified to express such an opinion and the Government justified in accepting the same in the face of a practically unanimous opposition of the people concerned?

The Hon'ble MR. CARLYLE replied —

"The Report is correct. The Lieutenant-Governor will not publish the names of the gentlemen referred to."

The Hon'ble MR CHAUDHURI said —

(*a*) It is stated in the Resolution of the Government of India relating to Partition of Bengal that "a scheme was submitted by the Government of Bengal for amalgamation with Assam of the Chittagong and Dacca Divisions and the districts of Pabna, Bogra and Rangpur" Will this Government be pleased to state whether it consulted any men of property or education in the said districts of Pabna, Bogra and Rangpur or any public bodies in Bengal, or even His Majesty's Judges of the Calcutta High Court, before submitting the scheme referred to to the Government of India?

(*b*) Will the Government be pleased to state the date when this scheme was submitted to the Government of India, and its reasons for not making it public or inviting public opinion thereon when it is the practice with the Government to do so in respect of much less important measures?

The Hon'ble MR. CARLYLE replied —

"The Resolution referred to by the Hon'ble Member sets forth the facts clearly enough. The original scheme revised to meet the administrative necessities of the case, and contained in Mr. Risley's letter No. 3678, dated

3rd December, 1903, was published and widely circulated. It was discussed by public bodies, in public meetings, in conferences called by the Lieutenant-Governor for the purpose, and in official communications from officers who had done their best to ascertain public opinion Objections of a serious nature were taken to the scheme These were set forth in Mr. Macpherson's letter No. 2556J dated 6th April, 1904, which contained the larger scheme referred to in the quotation made by the Hon'ble Member from the Government of India's Resolution This larger scheme was based entirely on the reasonable objections which had been taken to the original scheme, and secured to the transferred districts the privileges which they valued and might otherwise have lost"

The Hon'ble MR. CHAUDHURI said —

(a) It is also stated in the same Resolution that "it was proposed to increase the transferred area by the districts of Rajshahi, Dinajpur, Jalpaiguri, Malda, and that the enlarged scheme was cordially accepted by the Government of Bengal."

(b) Will the Government be pleased to state whether, before expressing its approval of the Government of India's enlarged scheme, did the Bengal Government consult —

(a) The District Magistrates and Collectors of the districts referred to?

(b) The Divisional Commissioners of the districts concerned?

(c) His Majesty's Judges of the Hon'ble High Court at Calcutta exercising Civil and Criminal jurisdiction over the areas mentioned?

(d) Any man of property or education of the districts?

(e) Any public bodies in Bengal?

(c) Will the Government also be pleased to state who are the Members of the Board of Revenue and the senior officers referred to in the Resolution who were consulted and concurred, and whether they or any of them were at any time the District Magistrate and Collector or Divisional Commissioner of the additional areas comprised in the enlarged scheme?

(d) Will the Government be pleased to state when the enlarged scheme was received by the Government of Bengal and when it signified its approval of the scheme, and what were its reasons for not making the enlarged scheme and its recommendations in this connection public?

The Hon'ble MR. CARLYLE replied —

"The Resolution of the Government of India in paragraphs 5 and 6 states clearly what was done in regard to this matter, and this Government cannot at present give any more detailed information."

THE OFFICE OF DIRECTOR OF PUBLIC INSTRUCTION, BENGAL

The Hon'ble MR. CHAUDHURI asked —

Will the Government of Bengal be pleased to state what are the "circumstances and requirements" that have led the Government to make a "choice" or recommend a successor to Mr. Pedler as Director of Public Instruction in Bengal, departing from the ordinary practice and rule with regard to such appointments, and whether the recommendations of the Government of Bengal have been approved and sanctioned by the Government of India?

The Hon'ble MR CARLYLE replied —

"The Government of Bengal is not prepared at present to make any statement on this matter."

PARTITION OF BENGAL

The Hon'ble BABU NALIN BEHARI SIRCAR, by leave of the President, withdrew the following question of which notice had been given —

"In the Resolution of the Government of India, No. 2491, dated Simla, the 19th July, 1905, paragraph 6, it is stated —

'The Lieutenant-Governor reported he had discussed the proposal for the Partition of Bengal with the Members of the Board of Revenue and with his most senior officers, and had found that, with scarcely an exception, there was complete unanimity in accepting it'

"Will the Government be pleased (*a*) to give the date of this report to the Government of India, and (*b*) to mention the names of Members of the Board of Revenue and the most senior officers who were consulted and who were unanimous in accepting the enlarged scheme? (*c*) Was there any difference of opinion amongst them; if so, who were the dissentients?"

THIRD STIPENDIARY PRESIDENCY MAGISTRATE IN CALCUTTA

The Hon'ble BABU NALIN BEHARI SIRCAR asked —

1 (*a*) Will the Government be pleased to state whether the appointment of a Third Stipendiary Presidency Magistrate in Calcutta has been sanctioned as a temporary or a permanent arrangement?

(*b*) If temporary, for what period and when will it be over?

2. (*a*) Is it a fact that there is not enough work now for three Stipendiary Presidency Magistrates in Calcutta?

(*b*) With the transference of Municipal cases to a special Magistrate and with the recent appointment of some experienced retired Sessions Judges and Deputy Magistrates as Honorary Presidency Magistrates in Calcutta, does the Government consider that there is still necessity for retaining a Third Stipendiary Presidency Magistrate?

The Hon'ble MR CARLYLE replied —

"1. (*a*) The appointment of a third Stipendiary Presidency Magistrate has been sanctioned as a temporary arrangement.

"(*b*) It has been sanctioned for a period of two years, which shall expire on the 22nd December, 1905

"2. (*a*) and (*b*) Government is not at this moment prepared to express an opinion as to whether there is sufficient work to justify the permanent retention of a third Stipendiary Presidency Magistrate. The question will be fully and carefully considered."

MORTALITY IN THE NATORE SUB DIVISION

The Hon'ble MR. GAIT, in continuation of the Answer given to the Question on this subject which was asked by the Hon'ble MR CHAUDHURI at the Council Meeting of the 18th March, 1905, said —

"The great unhealthiness of the Natore sub-division is a deplorable fact, but it is no new thing. As far back as 1825 the head-quarters of the district were removed from Natore town on account of its unhealthiness. This tract like many other parts of Central and Northern Bengal suffers from defective drainage. It is more than 160 miles from the sea and yet its elevation above sea-level is only 52 feet. About the middle of the 16th Century the Ganges left its former channel of the Bhagirathi and broke eastwards, thereby cutting across the old rivers and causing them to silt up. These rivers are thus no longer able to carry off the rain water, which stagnates in shallow *bils*. The question of opening out some of the local rivers has often been discussed. The

head of the Narad is said to have been excavated some fifteen years ago, but, in the short space of three years, it silted up again. The Collector of the district has made inquiries to ascertain whether the removal of the sand bars at the head of the Bural would ensure an abundant flow of water from the Padma along the streams mentioned by the Hon'ble Member in his question, but he considers that it is very doubtful whether this measure would be successful The Padma has receded a long way from its north bank, and there is no certainty that, if the head of the Bural were opened, more water would come into it The fact is that in attempting to control a river system like that of Bengal we are dealing with the forces of nature on a vast scale, and far more often than not our efforts are frustrated by the continued operation of the causes that have brought about the conditions which we desire to remedy.

"As the Hon'ble Member is well aware, Government has long had under its consideration a scheme for draining the Chalan *bil*, the largest sheet of inland water in Bengal The portion of this *bil* that lies in the Natore sub-division occupies during the rainy season nearly half its total area. The Hon'ble Member is himself one of the Drainage Commissioners who have been appointed to consider this scheme, and it is understood that at their last meeting a resolution was passed opposing its further progress, partly on account of the cost, and partly because they were doubtful whether the sanitary benefits that have been claimed for it would really accrue This is the scheme from which the best results have hitherto been looked for, and until a final decision has been arrived at regarding it, it would be premature to set on foot other projects of the same nature.

' The Hon'ble Member refers to the blocking up of culverts along the line of the Eastern Bengal State Railway, but it is reported that this is a result and not a cause of the gradual silting up of the old drainage channels

"It appears from the Collector's report that the improvement of the tanks and moats in Natore town can be taken in hand without any very expensive operations. A further report will be called for on this point."

THE BENGAL DISORDERLY HOUSES BILL, 1905.

The Hon'ble MR GORDON moved that the Bill to provide for the discontinuance of brothels and disorderly houses in certain localities in Bengal be referred to a Select Committee, consisting of the Hon'ble Mr. B L Gupta, the Hon'ble Mr Allen, the Hon'ble Babu Bhupendra Nath Basu, the Hon'ble Babu Nalin Behari Sircar and the Mover, with instructions to report at the next meeting of Council. He said —

"Sir,—At the last meeting of this Council on the 8th July last, the Hon'ble Mr Carnduff moved for leave to introduce the present Bill, and the Bill was introduced and read. I have now to move that the Bill to provide for the discontinuance of brothels and disorderly houses in certain localities in Bengal be referred to a Select Committee"

The Motion was put and agreed to.

THE CALCUTTA PORT (AMENDMENT) BILL, 1905

The Hon'ble MR. INGLIS presented the Report of the Select Committee on the Bill to amend the Calcutta Port Act, 1890.

The Hon'ble BABU BHUPENDRA NATH BASU said —"With reference to the Report of the Select Committee I have to offer the thanks of the public to the Members of the Select Committee for their accepting the suggestion which was thrown out at the time the Bill was referred to them, namely, that the Port Commissioners should not be allowed to enter into competition with private enterprise. I am glad to find that they have accepted that suggestion, and that so far as carrying goods is concerned they have omitted that clause from the Bill as originally introduced. They have, however, retained

the clause for the carrying of passengers and their luggage from the various papers that were submitted to them. It is clear that that provision will be welcomed by the public as a safer means of crossing the river at certain times of the year. I therefore have much pleasure in accepting the Report of the Select Committee on the points that were raised at the last meeting."

The Hon'ble MR INGLIS said:—"Sir,—Before making the motion which now stands in my name, I wish to put before the Council a few remarks as a supplement to the Report of the Select Committee

"The main object of this Bill is to enable the Port Commissioners to establish and work a steam ferry service on the river.

"The only objection which has been made to this proposal is one put forward by the Bengal National Chamber of Commerce They oppose on the ground that it will seriously interfere with private enterprise.

"Well, Sir, I suppose that no addition to or improvement in the means of locomotion can be made without interfering with some interests. No railway can be opened without interfering with cart traffic. The electric tram-cars, which are such a boon to Calcutta, have interfered with ticca gharies. In the same way I have no doubt that a steam ferry service will displace some of the dinghies which now ply in the river. This is inevitable.

"On the other hand the ferry service will be of great value to the residents of Calcutta, and it is the interests of the public and not private interests that demand the greatest consideration As it appears that the carriage of cargo is sufficiently provided for by private enterprise, the Select Committee have, with the desire of meeting the views of the mercantile community, advised the withdrawal of the provision by which the Commissioners might carry cargo with the consent of the Local Government.

"It is proposed to authorize the Commissioners to carry only passengers and their baggage. Private enterprise has not provided the facilities desired for this passenger service, nor does there appear to be any prospect of its doing so I need not enter into a discussion of the vexed question of Municipal or State trading We have here the concrete fact that the Port Commissioners as a body are already engaged and successfully engaged in very large industrial enterprises as owners and managers of railways, docks, jetties and warehouses. They have at their command a large and efficient staff and they are eminently in a position to give the public of Calcutta what it wants in the form of a good ferry service.

"In regard to the alteration in the constitution of the Commission, Members of Council will have seen from the Report of the Select Committee that it is now proposed to increase the existing number by one only, and that this additional member is to be elected by the Bengal Chamber of Commerce. I may explain that this increase in the representation of the Chamber is rather apparent than real. At present, as I said when introducing the Bill, the Local Government has given one of its nominations to a representative of the Inland Steamer Companies. This is somewhat of an anomaly, and in future it will be left to the Chamber of Commerce to provide for the representation of the Inland Navigation. The net practical result therefore of what is now proposed will be to give back one nomination to the Local Government which it had virtually surrendered to a private body.

"The remaining provision in the Bill, by which the Port Commissioners will be enabled to charge a fee for registering and licensing all boats plying in the port, whether plying for hire or otherwise, has been received without comment.

"I have now, Sir, to move that the Report of the Select Committee be taken into consideration and that the clauses of the Bill be considered in the form recommended by the Select Committee."

The Hon'ble BABU BHUPENDRA NATH BASU said —"Before Your Honour puts the question there is one observation which I would like to make with Your Honour's permission, and that is this The hon'ble mover when referring to the question of competition with private enterprise was pleased to refer to the case of the Calcutta Tramways against ticca gharriwallahs—that much abused and I am afraid long suffered evil, but the Hon'ble Member forgets that that was private enterprise against private enterprise, organisation probably against non-organisation Here we have got the State practically entering into competition with private enterprise The Port Commissioners as a body is practically a department of the State, and it was from that point of view that I, as a member of the public and other public bodies, took exception to the provisions of the Bill which would have enabled the Government to enter into competition with public enterprise. That question has been, however, satisfactorily solved by the Select Committee, and I have no desire to raise any discussion on the subject"

The Motion was put and agreed to.

The Hon'ble Mr Inglis also moved that the Bill, as amended, be passed.

The Motion was put and agreed to

The Council was then adjourned *sine die*

CHINA SEA—GASPAR STRAIT.

Pare Joie reef—Its approximate position

No. 323 (*first publication*) —The British Admiralty has given notice (No. 717 of 1905) that the Captain of the American S S *Mississippi* reports that on 10th May his vessel passed a coral reef awash, in the northern approach to Gasper strait, in approximately lat. 2° 19′ S, long. 107° 08′ E

The position of this reported danger is about 3 miles eastward of the position assigned to the rock on which the ship *Pare Joie* struck in 1870, and remained 24 hours in a position from which Gasper island bore S ½ E, distant 5 miles The report from that vessel also stated that she was 4½ miles eastward of the rock marked E D, situated on the Chart in lat. 2° 19½′ S, long. 107° 3′ E, or about 3 miles eastward from that given by the bearing, and in that now reported by the *Mississippi*.

The first position of the *Pare Joie* and the E D position were unsuccessfully searched for by H N M surveying vessel *Hydrograaf* in 1876

It is quite possible that the three positions which lie in the same latitude, and nearly 3 miles apart from each other, may be one and the same shoal, and near the position assigned to it by the *Mississippi*, and where no soundings have yet been taken Pare Joie reef has therefore been transferred on the Chart to the position given by the *Mississippi* and the reef E D expunged

Port Adelaide river—No. 2 light beacon removed and red light exhibited

No 306 (third publication) —With reference to Notice to Mariners No 279, dated 15th July 1905, issued by this office, the President of the Marine Board, Port Adelaide, has given further notice (No 20 of 1905) informing Masters of Vessels, Pilots and others that Deepening Operations in the vicinity necessitate the removal of No. 2 Light Beacon, and that on and after the 1st July next, a Red Light in lieu thereof will be exhibited from the Red Pile Beacon south of No 3 This Light on with No 4 will point out when to turn off No 2 lead (two Red Lights) and direct the course towards No 3 Light Beacon. It should be noted that the numbers of the outer leads have been altered.

The positions of all the above lights, as well as those supplied by the Light's Passage Harbour Contractors, are shown on Amended Chart obtainable at these offices.

Sailing directions

By night—In approaching the anchorage vessels of deep draught should not bring the White Light on the old structure to bear north or N E by E in order to avoid the four-fathom patch, which bears N W ½ N from the Light on Wonga Shoal, then get No 1 lead [which consists of two Red Lights vertical seven (7) feet apart and Two White Lights vertical seven (7) feet apart] in line, keep these in line passing between the Occulting Light on the Red Buoy and the Outer Green Light on the North Bank, also between the other Green Lights on the North Bank and the White Lights on the revetment mound

Steer on the same line until the two Red Lights of No 2 lead are coming on, then steer with them on line until the Red Light south of No 3 Beacon is on with No 4, then direct the course to pass a safe distance off No 3, then steer for a like distance off No 4, and so on from Beacon to Beacon round the point until No 9 is reached From a safe distance off No 9 the Lights of No 10 lead will be seen, keep them in line until the Red Light is about a quarter of a point open to the right of the White Light of No 11 lead, then gradually alter the course to bring the Lights of No 11 lead in line, keep them in line (a sharp lookout being kept for the mooring buoys on the starboard hand) until the Lights of No 12 lead are seen coming into line, proceed as before by altering the course before the Lights are on with each other The same applies in the change from No 12 to No 13 leads, when the Lights on the wharves are seen opening out off Luff Point, alter the course so as to round the point at a safe distance, and then up the centre of the Channel, looking out for the Mooring Buoys on the starboard hand

By day—The directions by day are the same as by night, merely substituting the Beacons for the Lights

In going outwards the directions are just the opposite to those given for coming inwards, but in such case, in changing from one lead to another, the course should be gradually altered when abreast of the Low (Red) Beacon of each lead, excepting No 2 lead In this case, when abreast of No 3 Beacon gradually alter the course to bring the Light of No 4 Beacon between the Light of No 3 Beacon and the Red Light on the Beacon south of it, until the two Red Lights of No 2 lead are coming in line, then bring the Red Light on with No 4 Beacon, and proceed outwards with No 2 lead in line

During the progress of the work at the Light's Passage Harbour Works masters of vessels exempt from pilotage may, if they so desire, avail themselves of the services of a pilot to assist them in passing such works, either in or out, at one-half the usual rates.

If the usual exemption flag is not hoisted, it will be taken as a signal that a pilot is required At night, if a pilot is required, the usual signal for a pilot should be shown

N B—Owing to the nature of the work in progress, this notice may require to be amended fromtime to time, and, therefore, should be treated as tentative only

This affects Admiralty Charts 2389A and B, 1750 and 1752

CHINA, NORTH COAST

Chifu light—Intended alteration in character

No 307 (third publication)—The British Admiralty has given notice (No 649 of 1905) that it is intended to alter the character of Chifu light, on Kung tung tao, from white fixed to *white group flashing*, showing groups of three short flashes *every twenty seconds*, and visible in clear weather from a distance of 22 miles, the light being of the 3rd order

During alterations, which were to be commenced on 1st July, the former light would be replaced by two *white fixed* dioptric lantern lights, suspended one on each side of the gallery, and visible in clear weather from a distance of 8 miles

Approximate position, lat 37° 34 N, long 121° 30¼′ E

Further Notice will be given when this alteration has been made

PRELIMINARY FORECAST OF THE SUGARCANE CROP OF BENGAL, 1905

Character of the season.—Sugarcane is grown without irrigation in North and East Bengal and also in North Bengal, while in the Burdwan, Orissa, and Chota Nagpur Divisions and in South Bihar it requires frequent irrigation in summer and occasionally in the autumn after the monsoon

is over In the first named tract, especially in North and East Bengal, the crop sometimes suffers from excessive rain, while in the second tract the chief cause of damage is a prolonged drought. During the present year in the Patna Division which grows most sugarcane in the province, the rainfall in June was generally less than an inch against a normal of from 6 to 8 inches Indeed the monsoon can hardly be said to have penetrated into this division during June The Chota Nagpur and the Burdwan Divisions also suffered from drought in that month. Some of the districts of the Dacca and Rajshahi Divisions suffered from excessive rainfall in July

(2) *Area sown* —The normal area under sugarcane in this Province is now estimated at 655,800 acres, and the actual area sown this year at 622,300 acres against 628,800 acres of last year

(3) *Outturn* —In 13 districts the outturn is expected to reach, and in one (Sonthal Parganas) to exceed, the normal In 12 districts the outturn is estimated between 90 to 99 per cent., and in an equal number of districts between 80 to 89 per cent In the remaining 8 districts the estimated outturn is between 70 to 79 The District Officers' returns work up to a general outturn of 93 per cent for the entire Province.

(4) *Other sources of gur* —The total quantity of gur obtained from the juice of the date palm is reported to be approximately 3,240,000 cwt of which nearly three quarters come from the districts of Jessore, Faridpur and Backergunge. The total quantity of gur from the juice of the palmyra palm amounts approximately to 10,600 cwt The chief centres of the industry appear to be Rajshahi, Howrah, Hooghly, and Midnapore.

CALCUTTA,
The 14th August 1905

N. D BEATSON BELL,
Offg. Director of Land Records and Agriculture, Bengal.

[On an average of the five years ending 1903-1904 the area under sugarcane crop in the territory to which this forecast relates has represented some 99 6 per cent. of the total area under sugarcane crop in British India.]

The mean pressure, temperature, etc, are deduced from the traces of the Barograph and Thermograph

The maximum and minimum temperatures are obtained from self-registering thermometers All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground

The barometer readings are corrected to those of the standard, Newman's No 86, formerly at the Surveyor-General's Office

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph. The mouth of the rain-gauge is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A M of that day

No 1101-E, dated Simla, the 25th August 1905

RESOLUTION—By the Government of India, Public Works Department

Improvement in the pay of the Administrative Officers of the Engineer Establishment, Public Works Department

READ—

Despatch No 131 (Financial), dated the 27th April 1905, to the Secretary of State for India

Despatch No 46 (Public Works), dated the 4th August 1905, from the Secretary of State for India

The Government of India have for some time past realised that the small increase in the pay of the 2nd and 3rd classes of Superintending Engineers sanctioned in Public Works Department Resolution No 293-G, dated 1st March 1900, did not possess the element of finality, and that a further substantial improvement in the pay of the Administrative grades of the Public Works Department was urgently demanded in order, first, to maintain that high standard of efficiency which is absolutely essential in a service controlling a vast system of State Works and, secondly, to check the tendency to premature retirement so as to retain, for the full term of an Indian career, officers of the highest professional attainments whose ripe experience is of the utmost value to the Administration With these objects in view the Government of India have obtained the sanction of the Secretary of State to the following arrangements, viz. —

(*a*) The grade of third class Chief Engineer is abolished, and the scale of pay will be Rs 2,750 and Rs. 2,500 for the 1st and 2nd classes of Chief Engineers, respectively The distribution between the two classes will be equal, an excess of one falling in the lower class.

(*b*) The pay of the Superintending Engineer classes shall be—

	Rs.
1st class	2,000
2nd „ ..	1,750
3rd „ ...	1,500

IRRIGATION DEPARTMENT.

The 4th September 1905

No 22—Notification—It is hereby notified for general information that the Hon'ble the Lieutenant-Governor of Bengal proposes, under the provisions of Sections XI and XII of Act V (B C) of 1864, to pass the following Rules in supersession of those now in force on the Nadia Rivers, with effect from the 15th November 1905 —

PROPOSED RULES.

The rules shall apply to the undermentioned navigable channels, which are included under the designation "Nadia Rivers," viz —

(1) the river Bhagirathi, throughout its whole course from the Ganges to Nadia, or to its junction with the Hooghly,

(2) the river Hooghly, from Nadia to its junction with the river Mathabhanga,

(3) the river Jalangi, from the Ganges to Nadia,

(4) the river Bhairab, from the Ganges to Nadia,

(5) the river Mathabhanga, from the Ganges to its junction with the Hooghly,

(6) such portions of the river Ganges as may be within five miles of the entrance for the time being of the Bhagirathi, the Bhairab, the Jalangi and the Mathabhanga rivers, respectively

1 Every vessel entering, or making use of, the Nadia Rivers shall be liable to measurement for the purpose of ascertaining the tolls payable In case of any reasonable doubt, the persons appointed by the Lieutenant-Governor to collect tolls and officers to whom such persons are subordinate shall have authority to again measure a vessel, notwithstanding that it was measured before

2 Vessels for the purposes of the determination of tonnage shall be divided into two classes, as follows —

Class I—To include all vessels of the usual native types of build

Class II—To include all steamers, flats, barges and other square built boats

The tonnage of every vessel, whether laden or empty, shall, for the purposes of Act V of 1864 and of these rules, be determined by the following measurements —

Class I—

(*a*) The product of one quarter the length of the vessel from stem to stern, measured outside and along the water-line, multiplied by the greatest interior breadth of the vessel, multiplied by the interior depth from the water-line to the bottom of the vessel, is to be taken as the number of maunds on which toll shall be levied.

(*b*) The measurement of the length is to be made in feet, rejecting inches The measurements of the breadth and depth are to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

(*c*) The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 25 maunds, rejecting any remainder of less than 25 maunds In the case of vessels exceeding 1,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 100 maunds, rejecting any remainder of less than 100 maunds

Class II—

(*d*) For vessels of Class II the number of maunds obtained by the system of measurement prescribed for Class I shall be increased by one-half For vessels of this class exceeding 5,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds

(*e*) In the case of steamers that have been surveyed under Act VI of 1884, the gross tonnage entered in the certificate shall be accepted as the tonnage of the steamer in lieu of measurement

In all cases, the gross tonnage of steamers, whether as entered in the certificate, or as determined by measurement, shall be reduced by one-third as an allowance for engine-space.

(*f*) For vessels of Class II which are furnished with reliable way-bills or manifests, the gross maundage of cargo shown by the manifest may, at the option of the employer of the vessel, be taken as the maundage on which toll shall be charged provided that the amount of tollage shall in no case be less than the amount which would be payable in respect of the tonnage of the vessel when empty In the case of steamers that have been surveyed under Act VI of 1884, tolls shall be charged on the cargo, as thus determined, in addition to the tolls chargeable on the net tonnage of the steamer itself provided that firms or individuals who wish to make use of this rule must be approved by the Superintending Engineer of the South-Western Circle, and that such approval may be withdrawn for any just cause

3 Measurements shall be made daily, as soon as possible, after a vessel arrives at the toll station From the 1st April to the 30th September, measurements shall be made between the hours of 6 A M and 5 P M, and tickets under Rule 5 shall be delivered between the hours of 7 A M and 6 P M From the 1st October to the 31st March, measurements shall be made between the hours of 7 A M and 4 P.M., and tickets under Rule 5 shall be delivered between the hours of 8 A M and 5 P.M

EXISTING RULES

The following Rules having reference to the undermentioned navigable channels, viz —

(1) the river Bhagirathi, throughout its whole course from the Ganges to Nadia, or to its junction with the Hooghly,
(2) the river Hooghly, from Nadia to its junction with the river Matabhanga,
(3) the river Jallanghi, from the Ganges to Nadia,
(4) the river Bhairab, from the Ganges to Nadia,
(5) the river Matabhanga, from the Ganges to its junction with the Hooghly,
(6) such portions of the river Ganges as may be within 5 miles of the entrance for the time being of the Bhagirathi, the Bhairab, the Jallanghi, and the Matabhanga rivers, respectively,

have been passed this day by the Lieutenant-Governor of Bengal under the provisions of sections XI and XII of the "Canals Act, 1864" (No V, B L C), and will have effect from and after the 1st September 1879.

1 Except as may be herein provided, every vessel, before leaving any toll-station, shall pay tolls in accordance with Schedule A appended to those rules

2 The tonnage of every vessel shall, for the purpose of the Canals Act, 1864, and of these rules, be determined by the following measurements —

(a) The product of half the length of the vessel from stem to stern, measured along the water-line, multiplied by the interior greatest breadth of the vessel, multiplied by the depths from the water-line to the bottom of the vessel, is to be taken as the number of maunds upon which toll shall be levied
(b) The measurement of the length is to be made in feet, rejecting inches, and the measurement of the breadth and depth in feet and quarters of a foot, rejecting portions of less than a quarter of a foot
(c) In calculating the amount of toll to be levied, any fraction of 100 maunds less than 25 maunds is to be omitted, exceeding 25 and not exceeding 50 maunds is to be charged as 25 maunds only, exceeding 50 maunds and not exceeding 75 maunds is to be charged as 50 maunds only, and exceeding 75 maunds as 75 maunds only Above 1,000 maunds no fraction of 100 maunds is to be charged
(d) In the case of steamers, the tonnage as determined by clauses (a), (b) and (c) shall be reduced by one-half as an allowance for engine and cabin space
(e) In the case of a steamer that has been surveyed under Act VI of 1884, the tonnage entered in the certificate shall be taken to be the tonnage of the steamer for the purpose of these rules, no further deduction being made for engine space

19 Measurement shall be made between the hours of 6 A.M. and 6 P.M. from April 1st to September 30th, and between 7 A.M. and 5 P.M. from October 1st to March 31st Tickets under Rule 12 shall be issued within the hours of 7 A.M. and 5 P.M. in summer and 8 A.M. and 5 P.M. in winter.

PROPOSED RULES

4 Every cargo vessel, immediately after entering the toll station limits, shall proceed to the measuring ghât or to such other place as the Toll Collector may direct, and shall remain there until it has been measured in accordance with these rules After measurement the vessel shall be removed from the measuring ghat without delay In any case the person in charge of a vessel shall place it in such situation as he may be required to by the Toll Collector

5 After measurement the measuring muharrir shall deliver to the person in charge of the vessel a pass in the form appended (Appendix E I) and shall inform such person verbally of the amount of toll payable by him The person in charge of the vessel shall then take the pass to the Toll Collector's Office, and shall there pay the toll demanded The Toll Collector shall then deliver to him a ticket in the form appended (Appendix E II), which shall bear the stamp of the Toll Collector's Office, and the signature of the Toll Collector, or in his absence, that of the Toll Daroga The vessel shall then be entitled to proceed without further charge

6 The person in charge of a vessel conveying passengers, or laden with horses, cattle, fowls, or other live-stock, or with fruit, fish, or other articles which are liable to be injured by detention, shall not be required to attend at the toll office, but shall pay toll to the measuring muharrir at the rate of six annas per oar, as provided in item I of the schedule of tolls hereto annexed, and the muharrir shall deliver to such person a ticket in the form appended (Appendix E III) which shall entitle the vessel to proceed without further charge

7 (a) All tolls are payable on demand, and shall be paid as provided in Rules 5 and 6 before a vessel is allowed to proceed

(b) Provided that vessels belonging to individuals or firms specially approved by the Superintending Engineer of the South-Western Circle, which approval may be withdrawn for any just cause, may be permitted to proceed without prepayment

(c) The person in charge of a vessel approved as in clause (b) shall, on passing a toll station, stop and deliver at the station a form specifying such particulars regarding the vessel and its cargo as may be required by the Superintending Engineer, South-Western Circle

8 The tickets mentioned in Rules 5 and 6 must be kept on board the vessel, and must be produced for inspection when demanded by any person authorised to collect tolls, or by any officer to whom such person is subordinate If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in Rule 2, and shall demand payment of toll, and unless and until toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of Section IX of the Act

9 If a vessel on which toll has been duly paid be unable, by reason of the shallowness of the water, or of any other natural obstacle, to pass along any one of the Nadia Rivers, she may be permitted to pass along any other of the rivers without extra charge, except as provided in Rule 13 If the vessel be unable to pass along any of the rivers, the Toll Collector may at his discretion, and after consideration of the circumstances of the case, refund the amount of toll which may have been paid on such vessel

10 The payment of toll at one toll station shall entitle a vessel to travel once along the whole length of the river on which that toll station is situated, whether or no the cargo is changed during the journey, except as provided in Rule 13

11 A vessel containing passengers, or used for fishing, shall pay toll only once in the same day provided that no passenger vessel shall be allowed this privilege unless returning empty, or conveying the same passengers as on the first trip The "day" to be reckoned from midnight to midnight

12 A cargo vessel, laden or empty, which has paid toll at a toll station, shall not be required to again pay toll if returning to the same toll station on the same day reckoned as in Rule 11, except as provided in Rule 13

13 A vessel which has been measured and paid toll accordingly shall, in case additional cargo is taken on board, or a part or whole of the original cargo is changed for a cargo on which a higher rate of toll is leviable, be subject to re-measurement whether on the same or another day, reckoned as in Rule 11, and to the payment of the amount by which the total toll leviable on the re-measurement exceeds that originally paid

14 Passenger-boats having on board cargo other than what is necessary for the use of the passengers for the trip and which measure 25 maunds and upwards shall be dealt with as cargo boats

15 (a) Boats having on board only articles which are necessary for the use of the crew for the trip shall be dealt with as empty

(b) Empty jars, tins, casks, bags, or other receptacles used, or to be used only for the purpose of holding cargo, shall not be considered as cargo

16 No cargo shall be taken out of any boat, whether measured or unmeasured, within toll station limits without the permission of the Toll Collector

17 Tickets and passes issued in respect of any vessel, boat, raft, or float are not transferable to any other vessel, boat, raft, or float

18 (a) Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the Collector of Tolls

EXISTING RULES

10 Immediately after entering the chowkey limits, the manjee of every cargo vessel shall take such vessel to the measuring ghât, and such vessel shall remain there until it shall have been measured in accordance with the rules for measurement.

11 After measurement shall have been duly effected, the measuring mohurir shall deliver to the manjee of the vessel a pass in the form annexed (Appendix E I), and shall inform the manjee verbally of the amount of toll payable by him

12 The manjee shall take the pass to the Toll Collector's Office, and shall then pay the amount of the toll demanded from him He shall then receive a ticket in the form annexed (Appendix E II) which shall entitle him to pass the chowkey limits free of all further charge This ticket shall bear the stamp of the Toll Collector's Office and the signature of the Toll Collector, or in his absence that of the Toll Darogah

13 The manjee or other person in charge of a vessel conveying passengers only, or laden with horses, cattle, fowls, or other live-stock, or with fruit, fish, or other articles which may be likely to be spoiled by detention, shall not be required to attend at the Toll Office, but may pay toll to the mohurir in charge of the chowkey boat at the rate of four annas for each oar of the vessel, and shall receive from the mohurir a ticket in the form annexed (Appendix E III) which shall entitle such vessel to pass chowkey limits without further charge

6 If a vessel on which toll has been duly paid be unable, by reason of the shallowness of the water, or of any other natural obstacle, to prosecute her voyage up the river, she may, provided she returns to the toll station without unloading or taking in cargo, be permitted to pass along the other river (if any) without extra charge If the vessel be unable to pass along either river, the Toll Collector may, at his discretion, and after consideration of the circumstances of the case, refund the amount of toll which may have been paid on such vessel

7 Every boat or vessel carrying passengers, or used for fishing, shall pay tolls only once in the same day provided that no passenger vessel shall be allowed this privilege unless returning empty or conveying the same passengers as on the first trip The word "day" in this and the following rule shall mean a day between sunrise and sunset, and shall not mean 24 hours

8 An empty cargo vessel or boat leaving and returning empty to the station limits on the same day, having paid toll, shall not be required to pay toll a second time A vessel leaving the chowkey limits laden, and paying toll accordingly, shall not be required to pay toll again if returning empty on the same day

9 Boats or vessels which may have entered the Nadia Rivers unladen or partially laden, and paid toll accordingly, shall, if they receive on board any additional freight, be subject to re-measurement and to the payment of any additional amount of toll which may be leviable on account of the additional maundage

14 Passenger boats having on board cargo other than what is necessary for the passengers for the trip, and which measure 25 maunds and upwards, shall be dealt with as cargo-boats

15 Empty boats having on board articles which are only requisite for the subsistence of the crew for the trip shall be considered as empty

16 No cargo shall be taken out of any boat, either measured or unmeasured, within the toll limits without the permission of the Toll Collector

17 Tickets and passes are not transferable

18 Passes collected at the chowkey boats shall be brought back into the Toll Office on the morning of the following day and counterfoiled.

PROPOSED RULES.

(b) In case the person in charge of a boat desires to have a duplicate of the ticket mentioned in Rule 5, in order to make over to the owner of the boat or cargo, or for any other legitimate purpose not constituting an evasion or breach of these rules, the Toll Collector shall issue a duplicate at the time the request is made, whether at the time of issue of the original ticket or subsequently

19 Any vessel, raft float, or any number of vessels, rafts or floats fastened or connected together in any way, which, by reason of difficulty of proper control, or of excessive over-all length or breadth or depth, is of such a nature as, in the opinion of the Executive Engineer, Nadia Rivers Division, to be likely to cause unavoidable damage to the bandalling or other training or dredging works in the rivers, or to be likely to cause unavoidable obstruction to the traffic by grounding or sinking, is prohibited from passing into or along any of the channels comprised in the Nadia Rivers

20 A vessel which has been detained under these rules or under Section IX of the Act may not be removed from the Nadia Rivers without the order of the Toll Collector until the toll due has been paid During such detention the manji, owner or agent, must make arrangements for the safety of the vessel and cargo

21 All vessels, whether the property of Government or of private owners, are liable for toll, except those exempted by the provisions of Bengal Government Notification No 261, dated the 21st July 1890

22 The Supervisor may by written notice, to be posted at the Toll Offices, prohibit the dropping of anchors or the putting up of bamboos or luggees in any specified part of the channels comprising the Nadia Rivers or on the banks

23 No person shall wilfully or negligently allow a vessel to sink in the channels comprising the Nadia Rivers without the permission of the Supervisor

24 In every case of a sunken vessel, whether due to negligence or otherwise, the Supervisor and his subordinates shall offer every assistance in removing the same

25 When a sunken vessel has been recovered, the Supervisor shall cause notices to be posted at the Toll Offices, or other prominent places, calling on those concerned to pay to the Toll Collector all toll which may be due, as well as the expenses incurred on the recovery of the vessel and cargo Should the sum due be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold, under the procedure prescribed in Section IX of the Act

26 The purchaser of a vessel sold under the provisions of Section IX of the Act shall have the right to take it out of the channels comprising the Nadia Rivers on the day of purchase, or within such time as may be allowed by the Toll Collector, without payment of tolls

27 When any laden vessel, which has sunk, has been recovered, or when any laden vessel has been seized under the provisions of the Act or of these rules, the Supervisor shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay

28 If the Supervisor be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in Rule 28 shall be effected by a notice exhibited in his office, and by advertisement in at least two local newspapers

29 All vessels, whether travelling or moored, in the channels comprising the Nadia Rivers, shall, between sunset and sunrise, carry a white light in a lantern on the fore-part of the vessel where it can be distinctly seen from all sides All steam vessels in motion shall carry the lights prescribed by the Board of Trade Regulations Barges or boats attached to a steam vessel, whether in motion or moored, shall carry the lights prescribed above

EXISTING RULES

20 Any person who may have lost or mislaid his measurement ticket may apply for a duplicate Such application shall be in writing, and shall set forth clearly the circumstances of the loss, and shall be verified by the applicant The Toll Collector, if he be satisfied that no fraud has been intended, shall supply a duplicate on receipt of a fee of eight annas in the case of a passenger boat or empty boat, and one rupee in the case of a laden boat

22 No fleet of vessels or rafts lashed together and exceeding 150 feet in length, or carrying or floating timber exceeding in all twenty in number, shall pass into of through any of the Nuddea Rivers at one time or abreast

23 • No single vessel or raft carrying or floating a greater number than twelve timbers shall pass into, or out of, or through, any of the Nuddea Rivers And no single vessel or raft carrying or floating more than six timbers shall pass into or through any of the aforesaid rivers between the 1st of December of any year and the 1st of July following

5. All vessels which may be employed solely in conveying troops on military duty, or military stores, or which may be employed solely in work connected with the maintenance or improvement of the Nuddea Rivers, as well as boats used by Police Officers on actual duty, shall be exempted from paying tolls This shall not be held to apply to Police Officers in transit from one district to another, unless for the purpose of making an arrest or for holding an investigation

21 Any officer of Government or other person claiming exemption under Rule 5 shall be supplied by the measuring mohurir with a certificate in the form annexed (Appendix E IV), and shall fill up and return such form to the mohurir who shall thereupon grant a passenger ticket in form (E III) In case of doubt as to the good faith of any claim to exemption from toll, the measuring mohurir may detain the vessel for which exemption is claimed, and report the case for the orders of the Toll Collector

25. Owners and agents of steamers who may desire to avoid the delay consequent on payment of toll on passing toll stations may give notice to the Board of Revenue of their desire and willingness to pay toll in Calcutta on demand and on depositing such amount as the Board of Revenue may determine they shall be furnished with a certificate which shall entitle the steamer or flat to pass any toll station without detention, the amount of toll due on account thereof being paid in Calcutta on demand, or deducted from the amount deposited with the Board of Revenue

26 The Commander of any vessel or vessels obtaining the privilege mentioned above shall leave at the toll station a certificate of having passed the toll station The certificate shall mention the date of passing It will be attached as a voucher to the bill, which will be presented for payment to the owners or agents of the vessel by the officer in Calcutta authorised to receive payment thereof.

PROPOSED RULES

30 For any contravention of Rules 4, 7(c), 17, 18, 20, 21, 23, 24, 28, 30, or of any notice issued thereunder, the person in charge of the vessel, or other person in fault, shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs 50 or Rs 5 a day for any continuing infringement

Orders and Notifications by the Government of India, &c.

[*Reprinted from the "Gazette of India."*]

The following orders, issued by the Government of India in the Home Department, are republished for general information

R W CARLYLE,
Offg Chief Secy to the Govt of Bengal

PUBLIC

Simla, the 1st September 1905

No 2832—The following proclamation, to which the sanction of His Majesty the King, Emperor of India, has been signified by the Secretary of State for India, in Council is hereby published

PROCLAMATIO

The Governor-General is pleased to constitute the territories at present under the administration of the Chief Commissioner of Assam to be, for the purpos s of the Indian Councils Act, 1861 (24 and 25 Vict, c 67), a Province to which the provisions of that Act touching the making of laws and regulations, for the peace and good order of the Presidencies of Fort St George and Bombay shall be applicable, and to direct that the said Province shall be called and known as the Province of Eastern Bengal and Assam, and further to appoint the Honourable Mr Joseph Bampfylde Fuller, C S I, C I E, of the Indian Civil Service, now Chief Commissioner of Assam, to be the first Lieutenant Governor of that Province, with all powers and authority incident to such office

2. The Governor General in Council is pleased to specify the sixteenth day of October, one thousand nine hundred and five, as the period at which the said provisions shall take effect, and fifteen as the number of Councillors whom the Lieutenant-Governor may nominate for his assistance in making laws and regulations

3 The Governor-General in Council is further pleased to declare and appoint that upon the constitution of the said Province of Eastern Bengal and Assam the districts of Dacca, Mymensingh, Faridpur, Backergunge, Tippera, Noakhali Chittagong, the Chittagong Hill Tracts, Rajshahi, Dinajpur, Jalpaiguri, Rangpur, Bogra, Pabna, and Malda which now form part of the Bengal Division of the Presidency of Fort William, shall cease to be subject to or included within the limits of that Division, and shall thenceforth be subject to and included within the limits of the Lieutenant-Governorship of the Province of Eastern Bengal and Assam

PROCLAMATION

No 2833—In exercise of the powers vested in him by section 4 of the Government of India Act, 1865 (28 and 29 Vict, c. 17), the Governor General in Council is pleased to declare and appoint that, with effect from the sixteenth day of October, one thousand nine hundred and five, the district of Sambalpur (e cept the Chandarpur-Padampur

Zamindari and the Phuljhar Zamindari), which now forms part of the Central Provinces, shall cease to form part of those Provinces, and shall be subject to and included within the limits of the Bengal Division of the Presidency of Fort William

SANITARY

PLAGUE

The 30th August 1905

No 1440—By the Home Department Notification No 1309, dated the 12th September 1904, the Governor-General in Council, under the powers conferred by section 2, sub-section (*1*), of the Epidemic Diseases Act 1897 (III of 1897), directed that the pilgrimage to the Hejaz during the season of 1905 might be permitted to any resident of India, subject to certain precautions from the port of Bombay in the presidency of Bombay

2 The Haj will be open during the ensuing pilgrim season to any resident in India, subject to the regulations hereinafter stated

3 The orders contained in the Home Department Notification No 1309, dated the 12th September 1904, are hereby cancelled

4 The Governor-General in Council is pleased to direct—

(1) that no person shall be permitted to embark with the object of making a pilgrimage to Mecca except at the port of Bombay in the presidency of Bombay,

(2) that no person shall be permitted to embark for such purpose at such port unless he has been kept under observation in a place appointed for the purpose at or near the port of embarkation until such time as the medical officer in charge shall be satisfied that all risk of such person conveying the infection of plague has completely abated,

(3) that no passage tickets for the Hejaz shall be sold except at the place appointed for the detention of intending pilgrims under observation

5 Although they have decided that, subject to the foregoing precautions, the pilgrimage to the Hejaz may be permitted, the Government of India think it necessary to repeat the warning given last year, that intending pilgrims will be well advised in deferring the fulfilment of their purpose until another season, in view specially of the stringent quarantine rules imposed by the Turkish Government and of the inconvenience and harassment to which it is likely that they will be subjected on arriving in Arabia.

JUDICIAL

The 1st September 1905

No 1363—In exercise of the power conferred by the Indian High Courts Act, 1865 (28 and 29 Vict, c 15), section 3, the Governor General in Council is pleased to authorize and empower the High Court of Judicature at Fort William in Bengal to exercise, with effect from the sixteenth day of October, one thousand nine hundred and five, within that portion of His Majesty's dominions in India which is comprised within the limits of the Sambalpur district (except the Chandarpur Padampur Zamindari and the Phuljhar Zamindari), and is not included within the limits of the places for which the said High Court was established, all such jurisdiction and powers as the said High Court may from time to time exercise within the limits of the place for which the said High Court was established.
